Sixty-second Year | Canyon, Texas | Wednesday, August 7, 1957 | Number 18

Absentee Vote Starts Saturday

Absentee balloting in the city water bond election will begin Saturday with ballots available at the city hall. Every eligible voter who will be out of the city on election day, Aug. 20, is asked to obtain an absentee ballot and vote before leaving town.

The absentee balloting will end on Aug. 17. Those eligible to vote in the election are residents of Canyon who have paid their poll tax or have an exemption, and who have either real or personal property rendered for taxation.

The bond election was called last week by the city commission after presentation with a petition signed by 198 voters. The election will be to decide two proposals: 1. $125,000 in tax bonds shall be issued to purchase water rights to the Mack Forrester land west of the city and pay for exploration and testing costs; and 2. If $525,000 in revenue bonds shall be issued to develop the land and tie the water into the city's system.

The election is the second of this summer, the first being defeated June 8. This election has been called following a study of the city's water problem by a five-man committee selected by the chamber of commerce. Members of the committee were S. B. Orton, Dr. J. A. Hill, Dr. R. A. Neblett, W. A. Warren and Levi Cole.

If the first proposal is passed by the voters, the water rights to the four sections of the Forrester tract will be purchased at a cost of $50 per acre for three sections and $10 for the fourth. The city has an option to purchase the water rights at that price which lasts until October.

In addition, a portion of the tax bond money would be used to pay for the costs of exploring the area around Canyon in the search for water and for drilling and testing three wells on the Forrester land.

If the second proposal is passed by the voters, the money will be used to drill and install equipment for three wells on the Forrester land, install an eight-inch gathering system in the water field, move the Santa Fe water tank to the area for a gathering tank and build a 16-inch transmission pipeline from the Forrester field into Canyon.

The search for more water for Canyon began last summer when one of the city's seven wells began to fail. At that time, one well, No. 5, had been drilled but never put into production.

Well No. 5 had tested out at 750 gallons per minute when it was drilled in 1953. The hole had been cased, a wellhouse built, and the well had been capped for future use.

When it was put into production to beef up the city's supply last summer, Well No. 5 would produce only 450 gallons per minute. At present the well is producing 400 gallons per minute.

All the city's wells together produce 1828 gallons per minute, according to an engineer's report in the city hall. It has been estimated by Bill McMorries, consulting engineer for the city, that the city should have a production rate of 2300 gallons per minute in order to supply the peak demand and have the fire-flow reserve that is required by the Board of Fire Underwriters.

The 120-hour tests conducted for the three test wells on the Forrester land gave results of approximately 1100 gallons per minute on all three of the wells.

The 16-inch pipeline planned for bringing the water into town would flow approximately three million gallons per day using only gravity, and about nine million gallons would come into town if it were put under pressure.

Using the Santa Fe tank, which was given the city earlier this year, the operation of the water field would be almost automatic and would require that a man visit the field only once a day to oil the motors and pumps.

The plan is to insert low-voltage electrical contacts in the tank, and install a valve on the end of the pipeline in Canyon. When water is needed from the field, the valve would be opened and water would drain from the tanks.

When the water level drops below the probes, electrical contact is made and the wells are turned on automatically. When enough water has reached town to supply the demand, the valve is closed and the wells pump water into the tank until the probes are underwater again and the wells are turned off.

It is estimated that a saving of nearly $9,000 per year in electrical costs could be effected if the city could use wells on the Forrester land. The figures used to prove the saving are published in an advertisement sponsored by the Canyon Chamber of Commerce in this issue of The Canyon News.

The citizens committee recommended that a search for a temporary water supply be carried out in the west end of the city as well as the three test wells on the Forrester land.

Two test holes were drilled at the west end of the city, and both proved to be less than satisfactory for municipal use.

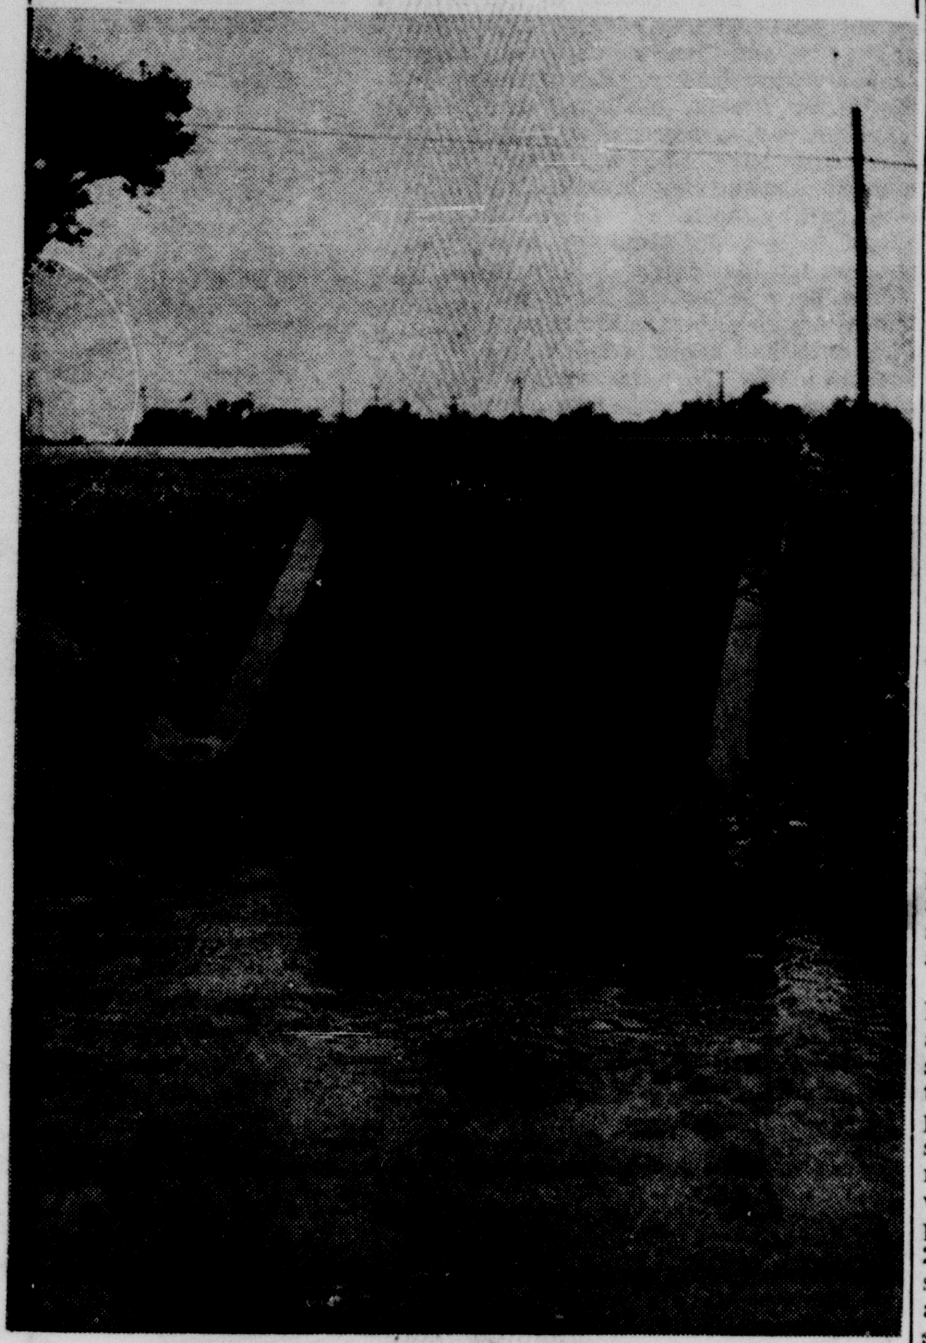
The first was drilled on Block 11, McGee and Hutson addition. McMorries reported to the city the following: "Some thin layers of fine sand were encountered in this test but each layer appeared hard and firm and would be a poor producer of water.

"It is our opinion that a dependable supply of water cannot be expected from this location. Cost would be great to drill, case, test, develop, pump and equip such a location."

Test hole No. 2 was drilled on Block 10, Bomar H addition. McMorries reported: "The only water bearing material encountered in this hole was intermixed with large amounts of red, blue or brown clay. This combination of elements would render production of water from such formation at a very slow rate. No more than 50 gallons per minute could be expected from such a location for any continued length of time."

Commenting on both of the holes, McMorries' report said: "Both of these test holes were drilled well into the Permian Red Beds. Recharge to stratas below this Permian Formation is practically nil. Extreme caution should be exercised in locating any Municipal Water Well below this formation for the Engineers and Geologists generally agree that the only recharge to our underground water in this area is from direct precipitation received on the water sheds."

Water in the Storm Sewer



The rain over the weekend was the first test of some of the storm sewer installed along the being-widened Happy highway. Sunday afternoon, the water was standing in the storm sewer at Twelfth Avenue.

Weekend Rain Over County Varies From Zero To Nearly Five Inches

Rain of amounts varying from practically nothing to chip floaters fell on Randall County over the weekend.

In Canyon, the amounts measured in the west end of town were .29 of an inch Saturday, .33 of an inch Sunday and 1.31 inches Monday for a total of 1.93 inches.

Higher totals from the east end of twn indicated about 2.60 inches there. Out in the country, totals measured were as high as 4½ inches.

The rainfall fluctuated more than that over the county. Tales of less than half an inch and 2½ inches on adjoining sections were not uncommon. Hail in some parts stripped row crops of leaves.

Where it fell, the rains are expected to be beneficial to the feed-grain crop, which had begun to curl up under the hot sun of the past month.

The flash rain at noon Monday flooded city streets and covered Highway 87-60 at two places between Canyon and Amarillo.

Redlegs Lead Major League

With three games rained out in the last half of the Randall County Little League season, the Redlegs lead with nine wins and four losses against eight wins and six losses by the Yankees.

In third place are the Dodgers with seven wins and seven losses. The Braves trail with four wins and 11 losses.

Games to be replayed are Dodgers vs Redlegs, Yankees vs Braves and Yankees vs Redlegs.

The regular schedule runs out next Tuesday and the postponed games will be played after that date. On the schedule for the next week are Redlegs vs Dodgers Thursday, Braves vs Yankees Saturday, Braves vs Redlegs Monday and Dodgers vs Yankees Tuesday.

In the past week's games, the Redlegs beat the Braves 12-0 Thursday night. On Saturday, the Yankees beat the Dodgers 17-13, and on Tuesday, the Dodgers took the Braves 13-7. The Yankees vs Redleg game Monday was rained out.

In the minors, the Yankees lead with nine wins and three losses. In second place are the Dodgers with eight wins and seven losses. In third place, the Redlegs have five wins and seven losses and in fourth, the Braves have four wins and nine losses.

In the last games played, the Dodgers downed the Redlegs 16-10 on July 29, the Braves beat the Redlegs 11-7 Thursday, the Yankees beat the Dodgers 12-8 Saturday, and the Dodgers beat the Braves 11-6 Tuesday.

Livesays Hurt In Auto Wreck

Mr. and Mrs. Jack Livesay and their children, Greg, 3, and Ellen, two months, were injured Friday night in an automobile accident near Liberal, Kan., and are receiving treatment in the Epworth Hospital in Liberal.

Both Livesay, 30, and Mrs. Livesay, 27, were seriously injured, while the children were not believed to have suffered such serious injuries. Livesay suffered a back injury and Mrs. Livesay suffered a broken pelvis and severe burns.

A "Friendship Tree" for the Livesay family has been started at the Buffalo Drug. Friends may help the Livesays by contributing.

Reports here said that the Livesay's car was overturned when he swerved to avoid hitting another car. Mrs. Livesay was burned

(Con't. on Back Page Section 1)

Happy With a Ditch

One of the best things about rain, if you are the right age, is that it fills the ditches with water and there's nothing so much fun as wading in a ditch. These girls had quite a time Sunday afternoon and again on Monday.

Pardon Our Intrusion . . . .

But School Starts Aug. 30

This may seem to the youngsters as a bad thing to mention, but school starts in Canyon in less than a month. In fact, the starting time will be here before you know it.

Registration for high school students begins on Aug. 28. Junior high and elementary pupils register Aug. 29 and classes begin on Aug. 30. School busses will begin their regular runs on Aug. 30.

Pre-registration activities begin Aug. 28 at 8 a. m. with a faculty meeting in the high school cafeteria for all teachers in the system. High school seniors will begin registering at 10 a. m. and juniors will begin at 1 p. m.

On Aug. 30, high school sophomores will register at 9 a. m. and freshmen at 1 p. m.

Junior high pupils register in the junior high gym from 9 a. m. to noon on Aug. 30.

In the elementary school, registration is in alphabetical order. Those with last names beginning with the letters "A" through "M" in all five grades report from 10 a. m. to noon. Those with last names beginning with the letters "N" through "Z" report from 1 p. m. to 4 p. m. Elementary registration is on Aug. 30.

A list of regulations for the high school has been issued by Principal J. E. Miller. Each student will be expected to pay an activity fee of $1 at the time of registration to cover the cost of six assembly programs presented by the Southern School Assemblies of Dallas. Students who have outstanding accounts left over from previous terms must clear them before registering.

New students should have a transcript forwarded from their old schools to the principal's office at Box 899, as soon as possible.

Classification of high school students is based on the number of credits completed prior to enrollment. The classification requirements are seniors, at least 12 credits; juniors, at least 7½ credits; sophomores, at least three credits; and freshmen, less than three credits.

Seventeen credits are required for graduation and no students will be allowed to participate in graduation ceremonies unless they have completed the required courses and have the required number of credits.

Miller said that schedules are being worked out on the basis of pre-enrollment forms filled out by the students last spring. Any student who has made a change in plans is requested to contact the principal's office immediately.

New high school students in the district should also contact the principal's office for a conference before school starts, Miller said.

Rites Sunday for Mrs. Ida Walker

Funeral services for Mrs. Ida Alice Walker were held Sunday in the Decatur First Baptist Church. Burial was in the Jamestown Cemetery in Decatur under direction of Warren-LaGrone Funeral Chapel.

Mrs. Walker, 72, died Friday in the home of her daughter here, Mrs. R. R. Pennington. She was born in Decatur on Nov. 9, 1884, and was a member of the Methodist Church in Alvord.

In addition to Mrs. Pennington, survivors include a son, Jack Rutledge, Decatur; one brother, Sam Wheelis, Sacramento, Calif.; two sisters, Mrs. Jule Berg, Wellington, and Mrs. Carl Barrington, Marlow, Okla.; four grandchildren and seven great-grandchildren.

Mr. and Mrs. Jim White attended a reunion of the J. C. Whites in Plainview Saturday.

ASC Manager, Former County Agent Dies Friday After 41 Years Service

Rites to the memory of Walter Herschel Upchurch were conducted Sunday afternoon in the First Methodist Church by the Rev. H. Doyle Ragle, pastor, and the Rev. J. R. Sharp, retired Presbyterian minister.

Burial was in Dreamland Cemetery.

Mr. Upchurch, 70, died Friday morning in his home. He had suffered a heart attack several weeks ago. He was born May 26, 1887, in Conway, Ark.

Office manager of the Randall County ASC office for the past several years, Mr. Upchurch had been with the US Department of Agriculture for 41 years, since 1916.

He served as the Hartley County Agent, assistant superintendent of the Dry Land Experiment Station at Dalhart, and became the Randall County Agent in 1927.

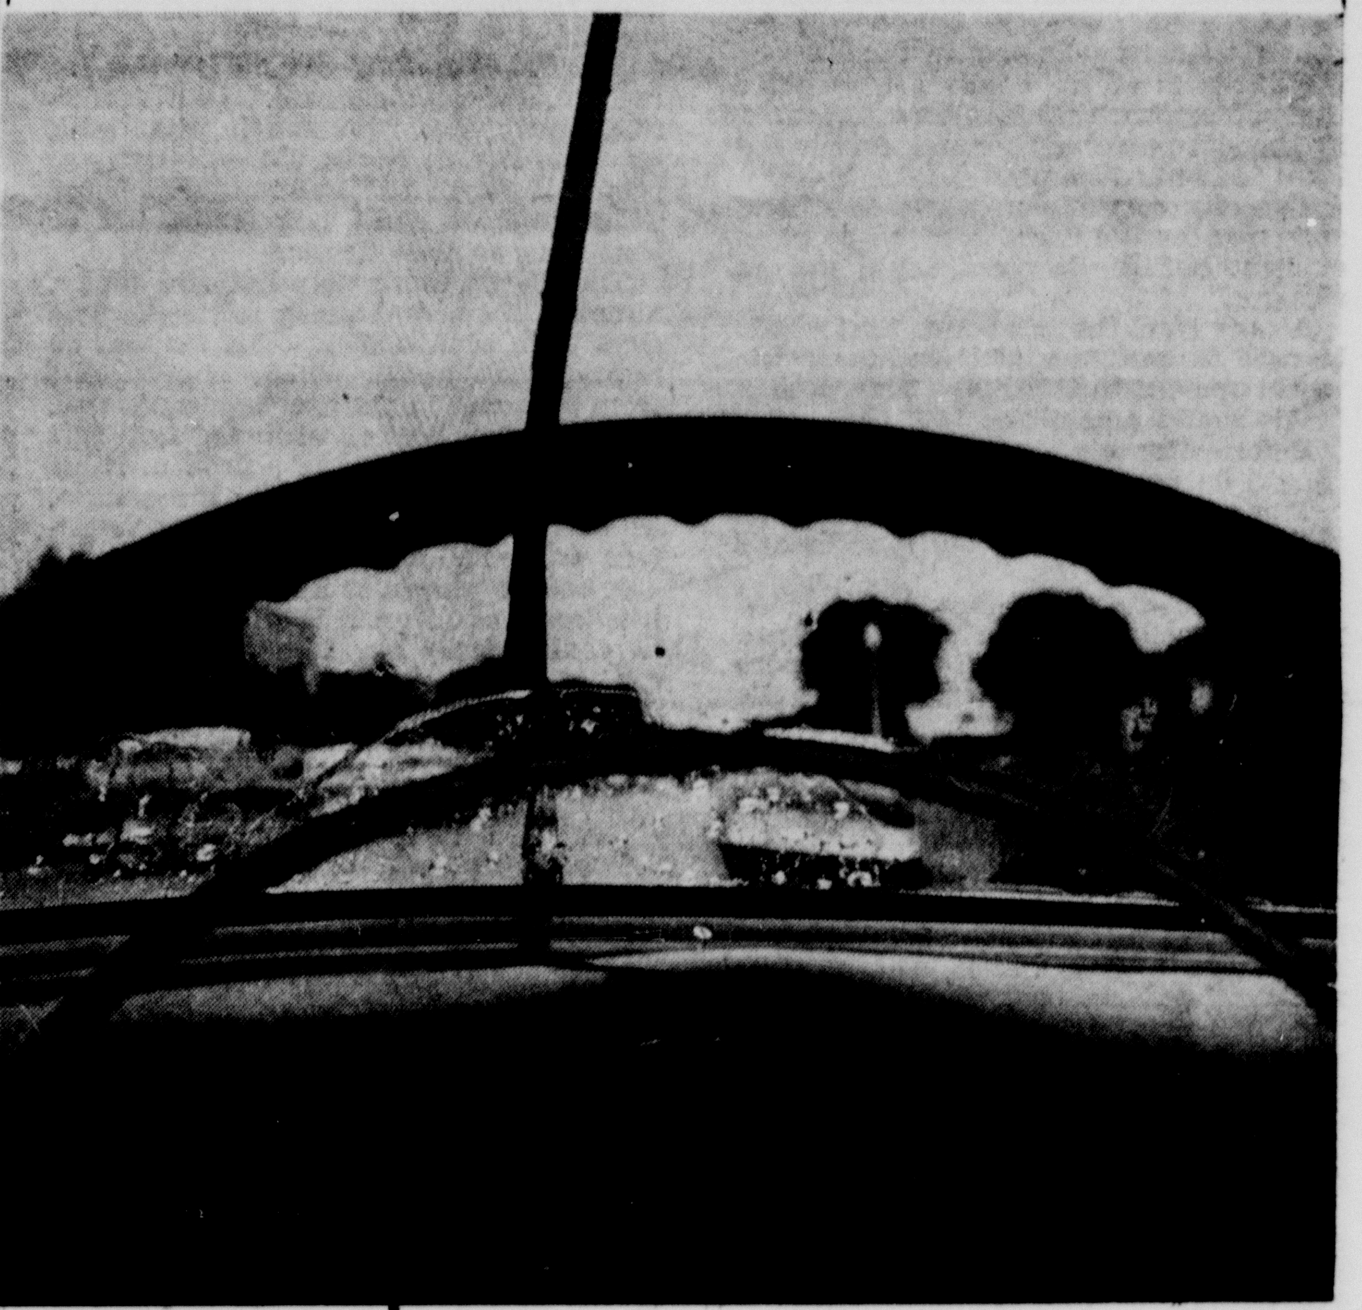
While county agent, Mr. Upchurch supervised exhibits entered into various fairs in the area. During the '30's, Mr. Upchurch's exhibits took first prize at the Tri-State Fair for five consecutive years and placed from first to fourth at the State Fair in Dallas.

In 1940, Mr. Upchurch was one of eight Texas county agents who received a Distinguished Service Diploma from the National Association of County Agricultural Agents.

Mr. Upchurch had been a resident of Canyon for 30 years and was a charter member of the Canyon Rotary Club. He was a member of the First Methodist Church.

Survivors include his wife, Mrs. Marie J. Upchurch; two daughters, Mrs. James Cole, Canyon, and Mrs. Harry Hunt, Jacksonville, Fla.; a son, Dr. M. L. Upchurch, Washington, D. C.; two brothers, Homer Upchurch, Oklahoma City, and Ernest Upchurch, Clinton, Okla.; and six sisters, Mrs. J. A. Bodenhamer, Clinton, Mrs. John Dennis and Mrs. Steve Corder, Oklahoma City, Mrs. John Hicks, Custer City, Okla., Mrs. Fred Butler, California, and Mrs. Etta Ganger, Ponca City, Okla.

Average View of Rain



Most people see rain through glass—windows at home or a windshield in a car. The light rain Sunday afternoon gave a smudged view of the rain from a car's windshield.

Concert Features Singers, Quartet

Three programs open to the public have been slated this week for and by students attending the fifth annual West Texas Music Camp at West Texas State College.

A chamber recital will be held at 8 p. m. tonight in the Administration Building auditorium. Three vocal soloists will appear, assisted by a piano quartet.

The vocalists are Debra Devenport of Canyon, Joann Stanaland of Tulia, and Fawayne Murphy of Dimmitt. In the piano quartet are Mrs. Frances Bright, piano, Mrs. Charlotte Brantley, violin, Royal Brantley, viola, and W. O. Latson, cello.

First concert by the different camp groups will be held Friday at 8 p. m. in Buffalo Stadium. Appearing will be the Concert Band, conducted by Jack Lee; the Symphonic Band, directed by Harold Bachman; the Camp Choir, conducted by L. N. Perkins; and Sonie Rogers and a group of selected student twirlers.

A talent program by students of the camp will be held Monday at 8 p. m. in Buffalo Stadium.

Mrs. Devenport, soprano, will sing "Musetta's Waltz Song" from "La Boheme" by Puccini, "Ave Maria" by Schubert, and "Something Wonderful" from "The King and I." Miss Stanaland will sing "Smoke Gets in your Eyes" by Kern, "A Spirit Flower" by Campbell-Tipton and "Un Bel di" from Puccini's "Madame Butterfly."

Murphy, a baritone, will sing "Cavatina" from "Faust" by Gounod, "Go Way From My Window" by Niles, and "In the Silence of Night" by Rachmaninoff.

The chamber quartet will play the four movement "Trio, Sonata in D Major" by Handel-Moffat.

Water Use Drops With Heavy Rain

Water use in Canyon went over the two-million mark only once during the past week, as the rains over the weekend brought the daily use down to the lowest since the late-May and early-June rains.

The daily use for the past week was July 30, 1,458,000; Wednesday, 1,373,600; Thursday, 1,805,400; Friday, 2,047,000; Saturday, 1,775,100; Sunday, 826,200; and Monday, 601,700.

A. E. Hudgens and Mrs. Jim Hudgens of Olton were weekend visitors in the E. W. Shugart home.

Mr. and Mrs. C. S. Thompson spent last week in Shiprock, N. M., visiting his brother, Dave, and in Santa Fe visiting the Rufus Graves.

Annual Lions Carnival To Open Monday With Rides, Booths, Fun

The annual Lions Club Carnival opens Monday on the square with a full week of activities planned.

Beginning Monday, concessions stands with refreshments will be open along with carnival rides for children. On Thursday, entertainment booths will open.

The entire Lions Carnival will last through Saturday night. Proceeds from the carnival will go to the Lions Community Activities Fund for use in helping community-wide activities in Canyon.

Founded by Mrs. R. W. Morgan in 1896

Subscription $2.50 per year in Randall County; $3.00 per year in outside territory. Payable strictly in advance.

Water Proposal Up for Vote

Opportunity, which seldom knocks twice, is coming again this month to Canyon.

On Aug. 20, the property-owning voters of the city will have a chance to assure an adequate water supply for many years in the future—and the future of Canyon depends on an adequate water supply. The proposal was turned down on June 8, but work by public spirited citizens and the chamber of commerce has brought the opportunity back again.

The problem before the voters is simple, although some would like to make it seem complicated. Two questions will be asked on the ballot:

1. Shall tax bonds be issued to purchase water rights to the Mack Forrester land and to pay for exploration and testing costs.

2. Shall revenue bonds be issued to develop the Forrester site and bring the water into the Canyon system.

That's what it amounts to. The ballot will actually question if tax bonds will be issued and if revenue bonds will be issued, without referring to the uses or the amounts of the bonds. Apparently that's the form that has been approved by the state attorney general, and is the form that must be used.

The city commission asked the bond company for the ballot form to be more explicit, but the lawyers would not go along.

At any rate, the tax bonds that would be used for purchase of the water rights would amount to $125,000. The revenue bonds would amount to $525,000.

Before the election, certain things should be pointed out to each voter:

The present water supply is less than adequate to supply the daily needs and the reserve for fires.

The Forrester land has been tested with one well on each of three sections. Any two of the wells will produce more water than all the present seven wells the city owns.

Correctly spaced, 16 wells could be drilled on the four sections of the Forrester land, and that should be enough to supply the future needs of the city for a great number of years.

That is probably simplifying too much, but it is basically what the bond election is all about. The ballot will say the revenue bonds will be "sewer and water revenue bonds," the form that the attorney general requires. The city commission has promised, however, that none of the money will be used for any purpose except expansion of the water system.

The city commission does not get any percentage of the bonds voted, as was rumored and passed around prior to the last election.

The engineering firm that does consulting work for the city is paid at the rate of six per cent of the actual cost for any construction work—and that does not include purchase of water rights or any other type of cost except construction—and the total figure will not be in excess of $100,000 as was stated before the last bond election.

None of the money derived from the sale of bonds will be used to install street lights in Pioneer Estates, as was rumored before the last election. Street lights are installed by the Southwestern Public Service Company at the expense of the company, not at the expense of the city.

According to the study of the citizens committee appointed by the chamber of commerce, the water available at sites north of the city would not be adequate for a long-range supply, even though that story is now making the rounds.

We Canyon voters are lucky. We're getting a second chance and this may well be our last chance at the Forrester land. The city's option runs out in October, and Mr. Forrester has already let it be known that the water rights on his place will not be for sale after that time—not at any price.

Think well before the election. Don't let opportunity get away a second time.

Miscellaneous Information- -

We who live in the Panhandle often don't remember how lucky we are in the way of climate. Last week we took a quick trip to East Texas, to Denton for the funeral of an uncle. (We realize that the people who live in that area say they live in North Texas, but those people think of the Panhandle as West Texas and we can't help but think of that area as East Texas.)

The nights there were hot and sticky, almost too hot and sticky to sleep. The days were even hotter. The air was so humid that sweat which popped out from standing in the sun would not dry.

Denton has had 42 inches of rain this year, and is now having a drouth. Huge cracks create a spider web in the ground. The city of Denton is undergoing volunteer water rationing.

A cousin who lives in Freeport, where it's even more humid than Denton, said he could hardly stand the heat in Denton.

We're lucky, all right, but we tend to forget all about our fine weather until we get away for a few days. The Panhandle's for us, first, last and always.

☆ ☆ ☆

When you get away from Canyon headed downstate, you see signs on the service stations that seem strange. Almost everywhere downstate there's a gasoline war going on. It's hotter in some places than in others, but gasoline gets pretty cheap, comparatively speaking.

Some towns have regular gasoline selling for as low as 22.9 cents per gallon from major company stations, while independent stations have it another penny or two lower.

It would appear that the companies are making an excessive profit in this area, or that they are losing considerable in others.

☆ ☆ ☆

Almost any highway you travel in Texas has some construction going on along its route. In many places the highway is being widened. In others, new wider bridges are being built alongside old ones.

Many highways are being changed to four-lane divided highways, and close to Dallas the only thing is expressways.

☆ ☆ ☆

When nobody disagrees with you, you're either terribly brilliant or the boss.

What Our Neighbors Say . . .

Scissor Snippings

Jimmie Gillentine in the Hereford Brand: "A lot of folks found themselves in somewhat of a quandry Friday. Louis "Bugs" Hagar went over to Conchas Thursday and found the crappie biting like mad, thanks to a rise above the lake. Bugs pulled in around a half-ton, then started catching them and turning them back—just for the fun of it. Word spread around town pretty quick and several people were halfway to Rosedale, N. M., before they remembered the Little League District Championship play-off in Lubbock at 5 p. m. Friday afternoon."

☆ ☆ ☆

Harold Hudson in the Ochiltree County Herald (Perryton): "We were the topicmaster at the Toastmaster Club meeting Thursday night and had the bright idea of writing topics on a piece of paper, sealing each in an envelope, mixing up the envelopes and letting each member draw his own topic, sight unseen. Imagine our embarrassment when Paul Holdeman, the Mennonite preacher, drew his topic out of the envelope and read, 'Give us two minutes on the virtues of chilled beer.' To his credit, he talked two minutes on this without giving us a sermon."

☆ ☆ ☆

R. Q. Spivey in the Winnsboro News: "Russia's Kruschev is the kind of a fellow who thinks that if he hadn't been born, people would want to know why not."

☆ ☆ ☆

Neil Vanzant in the Gaines County News (Seagraves): "There are, according to the 'Progress Report of the Pikes Peak Region,' official publication of the Colorado Springs Chamber of Commerce, six sample directions for producing ghost towns.

"Proved by experience are these methods:

"1. Tell everyone you meet that you never buy anything at home; the merchants are a bunch of crooks, robbers and cheats.

"2. Belittle all efforts for community betterment—the people trying to do these things are secretly making a lot of money, want to 'run things' and their way of doing things is all wrong anyway.

"3. Never waste money by advertising or waste time trying to attract trade to the town—nobody reads the ads, there is never anything in the paper, it's always late, and why should anyone want to come to town—it's a dead place.

"4. Turn down all appeals for contributions; and do it in a nasty way so you won't be bothered again, because the money collected is eventually stolen by some 'higher-ups' anyway.

"5. Refuse to serve on all committees, have nothing to do with civic organizations—the chamber of commerce never does anything and is run by a bunch of dim-wits who want only to get their names before the public. All the city officials are in office to get a share of the graft.

"6. Knock the town, knock its industries, knock the schools and churches, keep repeating the town is going to the dogs, things are better other places, to invest in such a dead place would be the heighth of foolishness—and keep on knocking like a drunken woodpecker."

NOTICE OF ELECTION

THE STATE OF TEXAS
COUNTY OF RANDALL
CITY OF CANYON

TO THE RESIDENT, QUALIFIED ELECTORS OF THE CITY OF CANYON, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID CITY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in the City of Canyon, Texas, on the 20th day of August, 1957, on the propositions and at the place more particularly set forth in the resolution adopted by the Board of Commissioners on the 30th day of July, 1957, calling said election, which is as follows:

"RESOLUTION

CALLING AN ELECTION ON THE QUESTION OF THE ISSUANCE OF $125,000.00 OF TAX BONDS FOR WATERWORKS IMPROVEMENT AND EXTENSION AND ON THE QUESTION OF THE ISSUANCE OF $525,000.00 OF REVENUE BONDS FOR WATERWORKS IMPROVEMENT AND EXTENSION.

WHEREAS, the Board of Commissioners of the City of Canyon, Texas, deems it advisable to issue the bonds of the said City for the purposes hereinafter mentioned;

BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF CANYON, TEXAS:

1. That an election be held in said City of Canyon, Texas, on the 20th day of August, 1957, at which election the following propositions shall be submitted:

PROPOSITION NO. 1

'Shall the Board of Commissioners of the City of Canyon, Texas, be authorized to issue the bonds of said City in the amount of $125,000.00 maturing serially in such installments as may be fixed by the Board of Commissioners, the maximum maturity being not more than Twenty (20) years from their date, bearing interest at a rate not to exceed Five (5%) per cent per annum, and to levy a tax sufficient to pay the interest as it accrues and principal as it matures on said issue of bonds, for the purpose of improving and extending the Waterworks System of said City, as authorized by the Constitution and laws of the State of Texas.'

PROPOSITION NO. 2

'Shall the Board of Commissioners of the City of Canyon, Texas, be authorized to issue the bonds of said City in the amount of $525,000.00, maturing serially in such installments as may be fixed by the Board of Commissioners, the maximum maturity being not more than Thirty (30) years from their date, bearing interest at a rate not to exceed Five (5%) per cent per annum, for the purpose of improving and extending the Waterworks System of said City, to be issued in accordance with and secured in the manner provided in Articles 1111-1118, both inclusive, of the Revised Civil Statutes of Texas, 1925, as amended, Chapter 249, Acts of the Regular Session of the 51st Legislature and Chapter 250, Acts of the 51st Legislature, as amended by Chapter 23, Acts of the 52nd Legislature, each bond to be conditioned that the holder thereof shall never have the right to demand payment of said obligation out of funds raised or to be raised by taxation, secured by a pledge of the net revenues from the City's Waterworks and Sewer System.'

2. That said election shall be held at the City Hall within said City, and the following named persons are hereby appointed directors of said election, to-wit:

Jack Jennings, Presiding Judge,
Bill Sternenberg, Assistant Judge
Delbert Lowes, Clerk,
Roland Black, Clerk.

3. The said election shall be held under the provisions of Chapter 1, Title 22 of the Revised Civil Statutes of 1925, as amended, including the provisions of Article 704, as amended, and only legally qualified electors who own taxable property in the City and who have duly rendered the same for taxation shall be qualified to vote.

4. The ballots for said election shall have written or printed thereon the following:

PROPOSITION NO. 1

'FOR THE ISSUANCE OF WATERWORKS SYSTEM TAX BONDS'

'AGAINST THE ISSUANCE OF WATERWORKS SYSTEM TAX BONDS'

PROPOSITION NO. 2

'FOR THE ISSUANCE OF BONDS FOR WATERWORKS PURPOSES AND PLEDGING REVENUES OF THE WATERWORKS AND SEWER SYSTEMS FOR THE PAYMENT THEREOF'

'AGAINST THE ISSUANCE OF BONDS FOR WATERWORKS PURPOSES AND PLEDGING REVENUES OF THE WATERWORKS AND SEWER SYSTEMS FOR THE PAYMENT THEREOF'

5. A substantial copy of this resolution signed by the Mayor of said City and attested by the City Clerk shall serve as proper notice of said election. Notice shall be given in accordance with Article 704, Revised Civil Statutes of 1925, as amended. The Mayor is authorized and directed to have a copy of said notice posted at the City Hall and at two other public places within said City not less than fifteen days prior to the date fixed for holding said election. He shall also cause said notice to be published on the same day in each of two successive weeks in a newspaper of general circulation published within said City, the date of first publication to be not less than fourteen days prior to the date set for said election. Except as otherwise provided in said Article 704, as amended, the manner of holding said election shall be governed by the laws governing general elections.

ADOPTED AND APPROVED this the 30th day of July, 1957.

HOSEA FOSTER
Mayor, City of Canyon, Texas

ATTEST:
ANDREW BOGGS
City Clerk, City of Canyon, Texas

I GIVE YOU TEXAS

By BOYCE HOUSE

When I went to Eastland in 1921 to edit the daily paper, a popular place was the dining room of the Charlotte Hotel. The tables seated four or more and so soon the new editor became acquainted with quite a few of the regular patrons.

One of these was a young man who worked in the offices of the Prairie Oil & Gas Company. He was a lively, genial chap who had served overseas in the World War. He would work a few French words into his conversation. He did not know enough words to form a complete sentence so he would finish in English, "Passez-moi the salt" and similar utterances.

He had the delusion that he was a brilliant linguist, a delusion which harmed no one; in fact, the rest of us were amused although we took care not to let him see us smile. That is everyone was amused—except one lady. She and her husband had listened to the French phrases every noon for five or six days and then one day when he had addressed her, "Passez-moi the turnip greens, madame," she launched into a flood of French. She must have said 200 words without pausing for breath. We could tell by the tone that she had closed with a question and then she awaited his reply.

The poor fellow, at first, had looked amazed; then as the torrent of French had continued, his face became blank. Now, he sat there, dismayed, pink of countenance, his mouth opening and closing like a gasping fish, no sound coming forth.

He finished the meal in silence. He was never heard to use a French word again. In fact, he was so subdued that he did not seem to be the same man. Soon after that, he got a transfer to another town.

A Gallup poll a while back disclosed that six out of 10 adults in the United States had not read a single book, except the Bible, in the previous 12 months. Almost makes you wonder if all the trouble that we go to in order to read and write is worthwhile, doesn't it?

There are some expressions that writers ought to quit using. One is "It's as plain as a pikestaff." How long has it been since any member of the audience has seen a pikestaff—even a second-hand one?

Party Foods Demonstration Given In Canyon High Home Ec Department

Party foods plain and fancy were demonstrated Tuesday afternoon in the Canyon High School Homemaking Department by three Pioneer Gas Home Economists.

Beginning the demonstration was Mary Lou Crump, a student at Texas Tech. For last minute refreshments she suggested and demonstrated Quick Trick cookies. The cookies are made from a commercial white cake mix with added eggs and melted butter or margarine.

Added variations of lemon flavoring and coconut, nuts and maple flavoring or cake decors and vanilla make for interesting, easy and tasteful eating.

Dips and chips or individual pizzas for an after-the-game treat were suggestions made by Miss Crump as she demonstrated a Dreamy Dip made from salad cream and onion soup mix; a bean dip made with creamed pinto beans and seasoning; and individual pizzas made extra easy by the use of rolled out canned biscuits which are topped with tomato sauce, vienna sausages, oregano and cheese.

The ever popular and always eye-catching Swedish Tea Ring was the last part of Miss Crump's demonstration. She showed how to shape the yeast dough into the ring and gave the usual Christmas time treat a special summer air by decorating the ring with pastel mints and white icing and serving it on a crystal plate with yellow daisies.

High School girls may feel that fancy party foods and punch are not practical now, but it won't be long before the girls will be giving teas and showers for their friends who are marrying, Mrs. Novella Hart, also a Texas Tech student, told the high school girls present.

For a party punch she suggested Tutti Fruitti Punch made with frozen fruit juices and ginger ale and made extra festive by serving with an ice ring decorated with leaves and maraschino cherries.

She showed how the home economists had on the last minute made the ice ring by putting ice cubes in the ring and adding just enough water to make the cubes freeze together quickly.

Cheese balls made with grated chedder cheese and seasoned with chili powder and garlic salt and rolled in crushed rice crispies and canapes made from small squares of bread topped with mayonnaise, pineapple chunks, cheese and olives were the last part of the demonstration.

Jan Housewright, a University of Texas student, assisted with the demonstration.

☆ ☆ ☆

Dreamy Dip

Combine one-half package onion soup mix with one-half pint carton of salad cream. Mix thoroughly. Place in serving dish or container and sprinkle with chopped green parsley. Arrange chips and crackers around dip.

Bean Dip

Combine 1 can pinto beans, ½ teaspoon salt, ⅛ teaspoon garlic salt and 1 tablespoon Worchestershire sauce and cream with electric mixer.

Individual Pizzas

Flatten between two pieces of wax paper as many canned biscuits as you desire. Spread each round with tomato paste. Slice vienna sausage crosswise and arrange 4 or 5 rounds on each biscuit. Sprinkle with grated sharp cheese and oregano. Place in 400 degree oven for 10 minutes.

Canapes

Slice day old, thin sliced bread into desired shapes, removing crust in the process. Toast in broiler. Remove and spread with mayonnaise. Top with pineapple chunk and slice of processed cheese cut in same shape. Place slice of stuffed olive on top and put back in broiler for a few minutes or until cheese partially melts.

Cheese Balls

Grate 8 oz. of sharp cheddar cheese. Place in oven for a few seconds until sufficiently softened. Add ¼ teaspoon chili powder and ½ teaspoon garlic powder to cheese and mix thoroughly. Roll into small balls and dip in crushed rice crispies. Chill and serve.

Tutti Fruitti Punch

Combine ½ cup lemon juice, fresh, frozen or canned, with 1 cup pineapple juice, two 6 oz. cans frozen orange juice concentrate and ¼ cup maraschino cherry juice. Mix well. Pour over ice in punch bowl. Add two quarts of chilled ginger ale and garnish with cherries. Serves 25.

Quick Trick Cookies

Place in a mixing bowl one commercial white cake mix, combine with mix two eggs, beaten, one teaspoon lemon flavoring, six tablespoons melted butter or margarine and one cup coconut flakes. Mix well. Drop on ungreased cookie sheet and bake in oven at 375 degrees for 10 to 12 minutes. Makes five dozen cookies.

Variations: Substitute the following for lemon flavoring and coconut:

One cup chopped nuts and 1 teaspoon maple flavoring or ¼ cup or 1 bottle of colored cake decors and 1 teaspoon vanilla.

A GARDEN HINT

The inquisitive woman was worrying the gardener. She asked a lot of silly questions.

"What steps do you take with the caterpillars?" she asked next.

"Well, mum," said the exasperated gardener. "I take half a dozen steps into our nearest field and turns the caterpillars round three times so that they gets giddy and don't know their way back."

NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS OF THE 18TH CONGRESSIONAL DISTRICT

The Hoover Commission

The mail has brought many inquiries and suggestions concerning the activities of the Hoover Commission. Many of the letters insist that the government adopt the Hoover Commission Report and save a great deal of money. Others appear to be of the opinion that all of the recommendations of the Hoover Commission have been cast aside and that this has cost the taxpayers a great deal of money.

I want to try to set the record straight, because there has been considerable misunderstanding of the entire subject. Some of this misunderstanding was brought about by advertising which was not exactly true.

The first Hoover Commission was created by Congress in 1947 and submitted a final report in 1949. This report contained recommendations relating to the reorganization of departments and agencies of the government. Many of these recommendations have been adopted. In fact, a number of them were in operation before the Hoover Commission's report was filed.

In 1953 a second Hoover Commission was created by Congress and submitted a final report in June, 1955. This Commission spent $2,848,534 and had personnel totaling 524 at one time. The following quotation is included in the report of the second Commission:

> "The primary purpose of the Commission was to recommend methods by which savings could be made in the expenditures of the agencies of the Executive Branch without injury to the security or welfare of the country."

I especially call to your attention the last 10 words to point out that, under a democratic form of government, the primary aim is the retention of the rights, privileges, powers and immunities of the individual as guaranteed under the Constitution. Some recommendations of both the Hoover Commissions, if adopted, would have resulted in a centralization of power in certain fields of government operation that could have done violence to some of those rights. I can assure everyone that all these recommendations have been, and are being, carefully weighed.

Senate Report No. 4 of the 83rd Congress was issued in January, 1953, and contained the following statement concerning the activities of the first Hoover Commission:

"Another aspect of the Hoover Commission reports, which has caused considerable confusion in the public mind because of its wide dissemination, involves the extravagant claims of tremendous monetary savings which would result from the full implementation of these reports. These estimates have varied from an ultraconservative figure of a few million to as much as $10 billion in annual savings. This Committee has been unable to find any sound basis for the unsubstantiated estimates of savings claimed by some of the proponents.

"Even if all the Hoover Commission's recommendations had been found to be of practical application, these estimates are not based on facts and are grossly unfair to the Congress. The American people have every right to expect their representatives in Congress to act with sound judgment regardless of the pressure brought to bear upon them by those who do not have full information as to their impact upon the national welfare."

Subsequently, the Senate Committee on Government Operations issued a report on the second Hoover Commission's activities as follows:

"While these documents prepared by the various study groups form the main basis for the Commission Reports to the Congress, the Commission did not, in all instances, agree with the recommendations of its task forces, subcommittees and study groups. Many of its recommendations are based upon the experience of the members of the Commission plus independent research by the Commission.

"Nor were the 12 members of the Commission, themselves, in complete agreement upon all 20 of the Commission reports. Most of the reports contain dissents, separate statements, or reservations by one or more of the Commissioners. These were directed usually not to a Commission report as a whole, but to specific recommendations therein."

In 1956, Percival Brundage, Director of the Bureau of the Budget, appeared before the Appropriations Committee of the House of Representatives and was questioned by Chairman Cannon about the statements of one of the Hoover Commission officials that 4 billion dollars could be saved by a change in the budgetary system. The most that Mr. Cannon could get Mr. Brundage to say about this advertised 4 billion dollar savings was the statement that he (Mr. Brundage) felt satisfied such a change would bring about savings of several million dollars. He did not so much as use the term, billion.

You can see from these reports there is a great deal of controversy as to what can and cannot be done should all of the Hoover Commission's recommendations be adopted. Of course, every dime that can be saved should be saved, and will be saved if I have my way.

As of October 15, 1956, the Executive Branch has implemented 22.4 percent of the Commission's recommendations it has accepted; had 39.3 percent in process of implementation, and had accepted in substance but not started 29.1 per cent.

The 84th Congress enacted 36 laws, 2 House Resolutions and 1 Senate Resolution which put into effect about 55, or about 33 per cent, of the 167 recommendations identified by the Commission as requiring action by the Congress in order to be made effective.

MAN SIZED

Customer: "I want a box of cigars, please."

Clerk: "Yes, ma'am — a strong cigar?"

Customer: "Oh, yes. My husband bites them terribly."

A dead person may vote, legally, if he mails an absentee ballot and then dies before election day.

"I take my SUPER MARKET home with me!"

SAYS
Mrs. Tom Scarborough,
5104 42ND STREET,
LUBBOCK, TEXAS

"My home freezer is wonderful! It cuts down the number of times I have to go to the store and to a woman who works, that really means time saved", says Mrs. Scarborough.

★ "My home freezer is my 'home super market'. It's so easy to fix snacks for the family and I can always keep an adequate supply of desserts on hand. Too, we like fruit juice with every meal and the economy of a home freezer makes that and many more treats possible. Economy is one of the many reasons I use, and recommend, an electric home freezer," Mrs. Scarborough says.

Mystery Explained

Last Wednesday, Mrs. Floyd Tomlinson found a huge turtle in her backyard, and no one could figure where it might have come from. The turtle, held by Mrs. Gwen McFarlin, was 13 inches from the front of his shell to the back and 12 inches across. From the front of his head to the end of his tail was 27 inches. After investigation, Mrs. Tomlinson discovered that the turtle had been caught in McSpaddens lake by boys at the Baptist Student Center. The turtle had strayed from the Center and ended up in the Tomlinson yard.

Relatives, Friends Visit E. M. Myers

A number of relatives and friends were present Sunday for a visit and lunch at the home of the E. M. Myers. The group attended church and then went swimming at the Canyon City Club pool before lunch.

Present were Mr. and Mrs. Felix Pierce and his mother, Mrs. L. A. Pierce, Mr. and Mrs. Harvey Pace and daughters of Lubbock, Mr. and Mrs. Bob Teal and family of Lubbock, Lee Rushing of Floydada and his grandson from Lubbock.

Also Mrs. Billy Jones from Houston, Mrs. Loula Belle Moreman of Tucson, Ariz., a grandnephew of the John Gillis' from Florida, and Carolyn Ann Minor, and the E. M. Myers family.

Mr. and Mrs. Floyd Dunsworth and sons of Wichita Falls visited this weekend with Mrs. Dunsworth's parents, Mr. and Mrs. G. C. Cole.

• CARD OF THANKS

We wish to extend a sincere thank you to all our friends and neighbors for their cards, memorials and other expressions of sympathy at the time of our recent bereavement. We are truly grateful.

The families of S. M. Mahle

• LEGAL NOTICE

Sealed Bids addressed to the Commissioners' Court of Randall County, Texas, will be received until 1:00 p. m., on the 26th day of August, 1957, in the Office of the County Judge in the Court House at Canyon, Texas, for one new 1957 Model 4-door sedan, 6 or 8 cylinders, with or without trade-in, of 1956 Model 4-door Chevrolet which can be inspected at Sheriff's Office. Further specifications available at Sheriff's Office.

Randall County reserves the right to reject any or all bids, and to purchase from the bidder or bidders who, in the opinion of the Commissioners' Court offer the proposal to the best interest of the County, and to waive formalities.

Rotarians Hear Songs Tuesday

Two seletcions were sung by Mrs. Debra Davenport for the Canyon Rotary Club at its regular meeting Tuesday.

Accompanied by Mrs. Thelma Fulton, Mrs. Davenport sang a selection from the opera "La Boheme," and "Something Wonderful" from "The King and I." Truett Hull introduced the program.

Guests of Rotarians included Don Singleton, guest of J. D. Barker; Dr. Robert Busteed, guest of J. B. Roberts, and Macon Carder, guest of James P. Cornette.

Visiting Rotarians were Bernard Buie of Stamford, and Alton Chapman, E. Kancher, Robert A. Denman, Bill Griggs, Horace Griggs and L. Campbell Bunting, all of Amarillo.

Town & Country Meets With Olsons

Mr. and Mrs. Arthur Olson were hosts for the recent meeting of the Town and Country Club at their home north of town. Mr. and Mrs. C. A. Murray were guests and 11 members were present.

Linda and Steve Vaughan of Clarendon are visiting their grandparents, Mr. and Mrs. O. B. Vaughan, while their parents, Mr. and Mrs. Kenneth Vaughan, are vacationing in Colorado.

Sgt. Don Singleton arrived Saturday to join his wife, Anna Marie, and daughter, Dee Anne, who are visiting Mrs. Singleton's parents, Mr. and Mrs. J. D. Barker. The Singletons are to leave Thursday for their home in Fort Dix, N. J.

Mrs. C. L. Patterson and daughter, Debbie, flew in from Shreveport, La., last week and visited her parents, the A. B. Berrys. Mrs. Richard Hefley and sons of Gruver were also weekend guests in the Berry home.

Mr. and Mrs. Otto Stockus and son of Collier, Kan., visited Saturday and Sunday with her brother and family, Mr. and Mrs. C. J. Anderson, and her sister and family, Mr. and Mrs. Arthur Olson.

Coffee Honors Former Resident

A coffee Thursday morning in the W. J. Wooten Jr. home honored Martha Frances Kilpatrick, nee Martha Campbell. The honoree, who is visiting her parents, Mr. and Mrs. Ray Campbell, will hold a position this fall as instructor of English at the University of Texas.

The hostess, Mrs. Wooten, served coffee, coffee cake and fresh strawberries and pineapple to friends and acquaintances of Mrs. Kilpatrick while she was in Canyon. Refreshments were served from a table laid with a white linen cloth and centered with fruit.

John Smothermans Return to Canyon

Mr. and Mrs. John Smotherman and children, Louise and Bruce, have returned to Canyon after John's graduation from pharmacy college at Southwestern State College, Weatherford, Okla.

He will be associated with the Canyon Drug as pharmacist, and he and his family will reside at 510 27th St. John formerly attended West Texas State College and was employed at the Canyon Drug.

Mr. and Mrs. Bryce Slack and children moved to Austin recently where Mrs. Slack will teach in the public schools and Bryce will do part-time teaching in the business department at the University of Texas and also work on a master's degree in business.

Mr and Mrs. Norman Ray Tucek and Mr. and Mrs. Lee Roy Bauer visited last week in Wichita Falls with Mrs. Tucek's parents, Mr. and Mrs. T. S. Love. Rickey Lee Bauer, son of Mr. and Mrs. Bauer, stayed with his grandparents, Mr. and Mrs. Irvin Bauer of Happy, while his parents were in Wichita Falls.

Mr. and Mrs. John Schramm of Flagstaff visited Mrs. Schramm's mother and brother, Mrs. W. G. Rose and Kelley, last week.

Dear Editor:

We farmers will miss the passing of Mr. Upchurch as he had been our guiding spirit for, lo, these many years and although he had reached the old Biblical range of three score years and ten, yet his departure from us came as a distinct shock as we had come to rely on him as on no one else.

Throughout all these years when he had served Randall County so well and faithfully his mind remained as alert to the last as it was when he first came here many years ago and no one realized he had reached the age of retirement until the Lord called him to labor in a far broader field than Randall County.

We sorely mourn the departure of our beloved disciple and while he has gone from our midst, yet, his good works will live on and on for many years to come.

Something has gone from us that will be hard to replace.

Both Slow Learner, Above Average Children Neglected, Speaker Says

It is the slow learner and the child with above average intelligence who are neglected in our schools, Dr. Anna D. Cordts, one of the speakers and consultants for the fifth annual Reading Conference at West Texas State College last week, told the Canyon United Church Women at a meeting in the Episcopal Little House of Fellowship.

In speaking on the education of the retarded child, Dr. Cordts told the women first of the concept of the retarded child as expressed by William Featherstone and now widely accepted. According to Featherstone's definition, a retarded child is any child who is performing in school below his standard of achievement.

Thus, the child with the high I. Q. may be regarded as retarded if he is achieving below his ability to learn, she said.

The slow learner, or the child with the lower I. Q., learns exactly the same way the fast learner does—by and from experiences, the speaker told the women. "There is no difference in kind . . . he differs in degree (must go at a slower pace)," Dr. Cordts said.

"The worst crime committed in our schools is to measure the slow learner against the average or above average learner," she said. Dr. Cordts advocates the separation in school of the slow, average and above average children.

The teacher who teaches the slow learner must "love him . . . learn how to teach him . . . and help him make his contribution to society," Dr. Cordts said. She added, "Academic achievement is only a smart part of life, anyway."

Previous to Dr. Cordts' talk, the UCW elected officers for the next year. To take office in January as president is Mrs. C. F. Marshall. Serving as vice president will be Mrs. H. C. Campfield and the secretary will be Mrs. Lawrence Brotherton. Mrs. Ross Russell was elected treasurer.

It was announced by Mrs. W. A. Miller, who presided during the business meeting, that the next regular meeting would be Nov. 1 and that the Christian World Relations Committee is to have charge of the meeting.

She also announced that the district meeting would be in Canyon Oct. 7.

A contribution was taken for the chapel fund for the Austin State School for Children. Anyone who was unable to attend the meeting and wishes to make a contribution may send his donation to Mrs. Warren Parker, current treasurer.

The quota for Randall County for the chapel, to cost an estimated $76,000, is $120.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

The technicians of the Soil Conservation Service assisting the Randall-Potter Soil Conservation District have helped install the following practices on the following farms: S. P. Jackson, 755 feet concrete pipe; Elmer A. Rowley, 3008 feet of concrete pipe; V. E. Collier, 242 feet of concrete pipe; William G. Hazelwood, 918 feet of concrete pipe.

These pipelines are used to prevent erosion and conserve water. When surface irrigation pipe is used in conjunction with the pipeline, no water is lost in ditch seepage and ditch evaporation. By saving this water a farmer is able to water more land than he could from an open ditch.

Technicians of the S.C.S. are now running irrigation trials on a few irrigated farms. These trials will tell the irrigated farmer when and how much water to put on the land. Also the size of stream to use in furrows.

"Soil and water are the very foundation of our agriculture and of our whole nation. It is therefore the responsibility of every American—every individual and every group—to work together to see that these resources are used wisely, and protected for the use of generations that will follow."
Clinton P. Anderson
Former Secretary of Agriculture

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association

HIGHLIGHTS & SIDELIGHTS

Despite the static about treasury troubles, Gov. Price Daniel insists that the Texas Legislature can hold a special session and still have money left over.

Recently, House Speaker Waggoner Carr and others suggested that the state might not be able to pay session costs without a new tax. But the governor said his budget department estimates that a brief session, limited to two or three subjects could be held for as little as $250,000. He reported that some $618,416 is available. This is considerably more than any previous estimate had indicated.

Governor Daniel made it clear that none of the objections have lessened his determination to issue a special call for passage of lobby control, water conservation and possibly other important measures.

Help on Oil Asked

As the state moved into another month of low oil production, Governor Daniel wired Pres. Dwight D. Eisenhower that "a real emergency exists."

He asked the President's help in obtaining a limit on foreign oil imports. "More drilling rigs are being stacked," the governor's wire noted, with an "adverse effect on state revenues."

Because of lowered demand for Texas oil, the Railroad Commission set the August allowable at 13 producing days, same as for July. It is the lowest pattern ever used in the state.

Individual Incomes Up

Texans are getting richer, according to Uncle Sam's tax reports for fiscal 1957.

For the five-state Southwestern area federal tax collections hit the all-time record total of $4,346,149,316. More than half of this — $2,560,867,402 — came from Texas. This is a 7 per cent increase for this state over last year's collections.

Of this total, 75 per cent comes from income taxes, the remainder from employment taxes, excises, etc. Revenue officials attributed the big jump to higher salaries in the Southwest.

It's An Ill Wind

Cricket season came early this year in the Capital City. The pesky, black jumpers which pay Central Texas an annual visit in great numbers, are here.

But Marion Toole, aquatic biologist for the Texas Game and Fish Commission, says it's a lucky season for fishermen. Crickets, it seems, are considered a real delicacy by all game fish. But sunfish and bass bite them best, he says. "It's too good an opportunity for any fisherman to pass up."

So, while merchants fight them in downtown areas and home owners spray and dust around porches and patios, both fish and fishermen can have a field day. "And they'll be with us until early September," Toole added.

Traffic Toll Up

Texas traffic deaths and injuries jumped an estimated two per cent for the first six months of this year as compared to 1956.

Reports from the Department of Public Safety for January-June, 1957, show 96,785 accidents. Total for the same period in 1956 was 91,555 accidents. Final figures on deaths and injuries are not yet tabulated.

One bright spot, however: deaths dropped from 5.7 per million vehicle miles to 5.5 for this year.

Vets Due Refunds

Some $16,271 in fees will be returned to veterans who started, but did not complete, transactions with the Veterans Land Board.

Before it was amended by the last Legislature, the law did not allow the board to return fees to veterans who changed their minds about buying land.

Average refund will be about $70, largest $100, according to Land Commissioner Earl Rudder.

"Flu" Watch On

An outbreak of Asiatic "flu" in Texas is likely, say State Health Department officials.

Many Texans were believed exposed at a church conference in Grinnell, Iowa, and at the Boy Scout Jamboree in Valley Forge, Pa.

Adding to the uneasiness was a report that 50 sailors stationed at Corpus Christi had been stricken.

Present vaccines are ineffective against this Asiatic virus, said Dr. J. E. Peavy, chief epidemiologist, "But I hope a new vaccine will be ready by fall."

Vice Campaign in the Red

Atty. Gen. Will Wilson's department is having to use "rubber checks" to carry on with its campaign against organized gambling.

Because of its extra activities, the department ran out of money, with no more due until the new fiscal year begins, Sept. 1. Governor Daniel granted the department $11,425 from his special emergency fund of $200,000. But, because of a technicality in the wording of the bill, this money isn't officially available either until 1959.

Hence, the checks written on the fund are deficiency warrants, which, said the comptroller, are really "hot checks." Banks can't get their money from them until the Legislature meets and makes them good.

Optometrists Wrangle

Texas optometrists are still in a hassle as to whether the state can regulate their advertising — and if so, how much.

Prior to the last Legislature the State Board of Optometry Examiners tried to set up advertising regulations. Suit was brought challenging its authority and the effort was dropped.

Last session a new law was passed barring "fradulent, deceitful or misleading" advertising. At a recent meeting the board is reported to have set machinery in motion to form an advisory committee from the profession with powers to set restrictions. But some practitioners objected and talked of trying to get advertising media to bring suit to test the constitutionality of the new law.

A board spokesman promptly explained the board wasn't contemplating any ban on advertising. He said the statewide advisory committee was only to make recommendations which would not be binding.

Short Snorts

Half as many legislators with twice as much pay hás been proposed by Austin's Sen. Charles Herring. "I've found it difficult to deal effectively with such a large number of lawmakers, said Herring, but added that he doubted the halving plan would be adopted.

A total of 92 new firms employing 1,587 persons was started in Texas last month, reports the Texas Employment Commission.

Low bids totaling $14,063,208 were tabulated by the State Highway Department in its July bid opening for road construction projects.

One of the largest organizations in Texas was launched this week at a convention leading up to the merger of state labor groups into the Texas AFL-CIO.

PUMPING COST COMPARISON
EXISTING CITY WELLS vs. FORRESTER WELLS
CITY OF CANYON, TEXAS

EXISTING CITY WELLS	Proposed Forrester Wells
Pumping Level 420 ft.	Pumping Level 115 ft.
Foot-pounds of work required to deliver 1,000 Gallons— 420' x 1000 gal. x 8.3 lbs. — 3,486,000 Foot-pounds	Foot-pounds of work required to deliver 1,000 Gallons— 115' x 1000 gal. x 8.3 lbs. — 954,500 Foot-pounds
Theoretical H. P. for 1000 GPM total — 3,486,000/33,000— 105.64 H. P.	Theoretical H. P. for 1000 GPM total — 954,500/33,000 — 28.92 H. P.
Efficiency — 60%	Efficiency — 75%
Actual required H. P. — 105.64/.60 — 176.06 H. P.	Actual required H. P. — 28.92/.75 — 38.56 H. P.
KWH of Electricity per 1,000 gal. pumped — 176.06 x .746/60 — 2.189	KWH of Electricity per 1,000 gal. pumped — 38.56 x .746/60 — 0.479
Cost of Electricity based on 1¼c per KWH — 2.189 x 1¼c — 2.74c per 1000 gal. pumped	Cost of Electricity based on 1¼c per KWH — 0.479 x 1¼c — 0.6c per 1000 gal. pumped

Total yearly saving if City water pumped from Forrester wells in lieu of City's present wells would equal to 420,000,000 x (2.74-0.6) — $8,988. per year.

IT COSTS 4.57 TIMES AS MUCH FOR ELECTRICITY TO PUMP FROM THE EXISTING CITY WELLS AS IT WOULD FROM THE PROPOSED FORRESTER WELLS.

The Canyon Chamber of Commerce

List of Summer Graduates at WT Includes 124 Masters Candidates

A total of 247 have applied for degrees to be awarded Aug. 23 at West Texas State College's summer commencement, according to Dr. Walter H. Juniper, dean of the college.

The summer commencement services are slated at 8 p. m. in Buffalo Stadium.

Half the candidates are seeking various master's degrees, with 9 Master of Arts, 5 Master of Business Administration, and 110 Master of Education degrees sought. Two are seeking the Bachelor of Arts, three the Bachelor of Music Education, 16 the Bachelor of Business Administration, and 102 the Bachelor of Science.

Master of Arts candidates are Margaret Aull of Borger, Lou Ann Ber Nier of Novice, Loyce Brown of Borger, Edith Carter of Hollis, Okla., Johnnie Mae Coleman of Amarillo, Maxine Foreman of Lubbock, Daniel McLallen of Hereford, Robert L. Thompson of Hereford, Samuel M. Watson of Spearman and Wanda Young of Abilene.

Seeking the M.B.A. degree are Glade Clemons of Altus, Okla., Charles L. Jones of Amarillo, Martha Montgomery of Shamrock, Faye Gene Rampley of Silverton, and Duane Williams of Amarillo.

Master of Education candidates are Dorothy Altendorf of Amarillo, Bobby Altmiller of Pampa, W. R. Altmiller of Pampa, Maxine Wade Anglin of Groom, Pansy Ballard of Pampa, Patrick Boddy of Dalhart, Rose Bostik of Fritch, Austin Bowes of Kress, Hazel Brandon of Clarendon, Glenna Miller Brooks of Amarillo.

Nank Bunch of Silverton, Corabob Burkett of Amarillo, Mary Call of Pampa, Billie Joe Campbell of Plains, Beverly Caperton of Raton, N. M., Lois Carr of Borger, Glynn Carver of Fritch, Joe Castleberry of Amarillo, Frances Caton of Canyon, Douglas Chambers of Amarillo, Mozelle Cluster of Dumas, Neva Coats of Amarillo, John Cook of Friona, Vera Copeland of Amarillo, Keith Crawford of Stinnett, F. G. Crofferd of Claude, Joe Ed Cupell of Estelline, Annie Mae Derrick of Amarillo.

Birdie Lou Dickerson of Borger, Bertha Mae Doran of Matador, Margaret Duggins of Friona, James P. Edwards of Amarillo, Billy Dean Epps of Amarillo, Shirley Lee Epps of Amarillo, Wyllis H. Evans of Skellytown, Mary L. Fisk of Pampa, William A. Gardenhire of Memphis, Jan Geurin of Skellytown, Christine Gibson of Amarillo, Howard E. Graham of Farwell, Ruth Gray of Garland, Lucile Hall of Texline, Era Belle Hanson of Borger.

Lorene Hatcher of Amarillo, Luther Hayes of Friona, Lela Hennigh of Darrouzett, Zoe Henry of Canyon, Harryett Herron of Amarillo, James Hodges of Amarillo, Dorris Hollabaugh of Dumas, Patricia Hoops of Amarillo, Hazel Howard of Borger, Laura Sue Jean of Amarillo, Ermine Johnson of Amarillo, Charles Neal Johnson of Matador, James B. Johnson of Canyon, Martha Jo Johnson of Amarillo, Margaret Jones of Amarillo, Brownie Kimbrough of Childress.

Ruth Dunn King of Borger, Gertrude Lalement of Fritch, Howard Lambert of Amarillo, Allie Lane of New Boston, Julius W. Logan of Amarillo, Julian McCulloch of Lubbock, John A. Malm of Midland, Nina Grace Matthis of Canyon, Frances Mears of Amarillo, Mildred Miller of Amarillo, Leona Nance of Canyon.

Janet Nelson, Truth or Consequences, N. M., W. M. Nickell of Canyon, Clifford Niles of Brownfield, Fern Niles of Brownfield, Myrle Norman, Boys' Ranch, Pauline O'Keefe of Panhandle, Aubrey Page of Pampa, Johnnie Parker of Amarillo, Betty Penn of Silverton, David Pevehouse of Amarillo, Flora Phillips, Canyon, Teddie Poindexter of Hereford, Mary Pope of Dumas, Hubert T. Priest of Amarillo, Mayme Rayburn of Plainview, Quanah Rice of McLean, Exie Seright of Pampa, A. L. Shelton of Amarillo.

Ava Shelton of Amarillo, Thelma Sherer of El Paso, Donald Shields of Amarillo, William Spann of Dumas, Effie Mae Steakley of Borger, LaPrelle Steiner of Dumas, Fleta Terry of Bovina, Annie Ruth Thomas of Clarendon, Betty Brown Thomas of Canyon, Claudine Todd of Clarendon, Margaret Tucker of Seymour, Mary Uxer of Borger, Marguerite Vanderby of Amarillo, Ima Wales of Sudan, Jo Walker of Canyon, Lila Wall of Hart, David Walvoord of Amarillo, J. V. Wescott of Hart, Rilla Jean White of Brady, Harley Winters of Tatum, N. M., and Ruth Womack of Amarillo.

Seeking the Bachelor of Arts are M. E. Arthur of Phillips and Virginia Beck of McLean. Candidates for the Bachelor of Music Education are Tubal Cain of Canyon, Fawayne Murphy of Dimmitt and Barbara Perkins of Phillips.

Bachelor of Business Administration candidates are Charles Banks of Adrian, George Blackwell of Canyon, Richard Brainerd of Amarillo, James Cabbell of Borger, Lewis Lee Clark of Lubbock, Richard Crossman of Amarillo, Frederick Doche of Amarillo, Rex Easterwood of Dimmitt, Joe Frank of Canyon, Edd Henderson of Canyon, Delbert Hurst of Newport, Ark., Thomas LaFalier of Amarillo, Tommie Lemmon of Amarillo, Thomas Newland of Borger, Richard Pruett of Canyon, and Stanley Sawyer of Floydada.

Bachelor of Science candidates are Billy Bob Adams of Clarendon, Raymond Adams of Clarendon, Tom Adamson of Hedley, Lorene Adcock of Wellington, C. R. Bailey of Canyon, JoLen Ballew of Clarendon, Wayne Banister of Lamesa, Neva Barker of Amarillo, Dorothy Barnett of Olton, Jessie Bomar of Silverton, Burl Brim of Wellington, Robert Burnett of Canyon, Betty Carlson of Hereford, Evelyn Carter of Wellington, Nelda Jo Cavender of Amarillo.

James W. Clark of Lubbock, Mary Slay of Wellington, Joseph Cleveland of Amarillo, Charles Collinsworth of Lefors, Charles T. Cooper of Amarillo, Dave Corley of Memphis, John Cravens of Wichita Falls, Naomi Crist of Grenville, N. M., Raymond Cullin of Amarillo, Sandra Curtis of Amarillo, Pauline Daugherty of Pampa, Marshall Davis of Sonora, Calif., Muriel Miller Davis of Plainview, Willie Mary Denman of Dumas, Zola Donald of Goodnight.

Christine DuVall of Amarillo, Everal Fauske of Borger, Glenda Faut of Dumas, Shirley Fiskin of Follett, Franklin Floyd of Amarillo, Korda Van Ford of Amarillo, Bedford Forrest of Hereford, Dolores Foster of Haskell, Evelyn Fulfer of Borger, Mary Lee Gilbreth of Quail, William Gill of Phillips, David Carroll Hall of Amarillo, James Hall of Texline, Margaret Harrison of Canyon, Patricia Hearn of Canyon.

Eddie Hill of Kirkland, Opal Hill of Lipscomb, Amanette Hinders of Happy, Jeanice Hollowell of Canyon, Rasco Hunter of Canyon, Doyle Jackson of Miami, Erica Johnson of Stinnett, Ernest Johnson of Stinnett, Catherine Jones of Amarillo, Paul Keller of Canyon, Wilma Kimball of Wildorado, Ernest King of Amarillo, Ronal Dean King of Shamrock, Charlotte Lowe of Canyon, Leslie Lucas of Dumas.

Leo McAtee of Canyon, June McCarty of Dimmitt, Lola McCulloch of Lubbock, James Mather of Borger, Jackie Meathenia of Shamrock, Wilma Mickey of Amarillo, Gwendolyn Miller of Amarillo, Marion Moore of Amarillo, Jerlene Morrison of Groom, Erma Nunley of Sudan, Betty Cooper Owens of Gruver, William Gale Plummer of McLean, Tommy Powell of Munday, Homer Pruett of Amarillo, Jack Quisenberry of Hedley.

Lester Ramsey of Plainview, Travis Rector of Tulia, Donna Rice of McLean, Billy R. Rogers of Borger, John Rosser of Amarillo, Lucile Rowntree of Grand Prairie, Glenn Sanders of Clarendon, Oscar Self of Amarillo, Jess Sellars of Amarillo, Patricia Shelton of McLean, Shirley Smith of Perryton, Anna Snodgrass of Stinnett, Hiram Snodgrass of Stinnett, Frances Spencer of Odessa, Ruth Stone of Amarillo.

James A. Taylor of Quitaque, Nadine Taylor of Dumas, James E. Thomson of Amarillo, Evangeline Tiger of Petersburg, Glen Turnbo of Pampa, Olga Turnbo of Pampa, Johnny Vineyard of McLean, Easton Wall of Hart, Nawasa Wheatley of Darrouzett, Roscoe Gene Williams of Amarillo, Peter Wolmut of Amarillo, and George Worsham of Adrian.

NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957.

HOUSE JOINT RESOLUTION NO. 37 proposing an amendment to Subsection (a) of Section 62, Article XVI of the Constitution of Texas, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Subsection (a) of Section 62, Article XVI of the Constitution of the State of Texas be amended so as to read hereafter as follows:

"**Section 62.** (a) The Legislature shall have the authority to levy taxes to provide a State Retirement, Disability and Death Compensation Fund for the officers and employees of the State, and may make such reasonable inclusions, exclusions, or classifications of officers and employees of this State as it deems advisable. The Legislature may also include officers and employees of judicial districts of the State who are or have been compensated in whole or in part directly or indirectly by the State, and may make such other reasonable inclusions, exclusions, or classification of officers and employees of judicial districts of this State as it deems advisable. Persons participating in a retirement system created pursuant to Section 1-a of Article V of this Constitution shall not be eligible to participate in the Fund authorized in this Subsection, and persons participating in a retirement system created pursuant to Section 48-a of Article III of this Constitution shall not be eligible to participate in the Fund authorized in this Subsection except as permitted by Section 63 of Article XVI of this Constitution. Provided, however, any officer or employee of a county as provided for in Article XVI, Section 62, Subsection (b) of this Constitution, shall not be eligible to participate in the Fund authorized in this Subsection, except as otherwise provided herein. The amount contributed by the State to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the State.

"**All funds** provided from the compensation of such person or by the State of Texas for such Retirement, Disability and Death Compensation Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States; or in such other securities as are now or hereafter may be permitted by law as investments for the Permanent University Fund or for the Permanent School Fund of this State, under the same limitations and restrictions imposed by the Constitution for investment of those funds and subject to such regulations as the Legislature may provide. However, a sufficient amount of said Fund shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund.

"**Should the Legislature** enact enabling laws in anticipation of the adoption of this Amendment, such legislation shall not be invalid by reason of its anticipatory character."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on the first Tuesday after the first Monday in November, 1957, at which election all ballots shall have printed thereon the following:

"**FOR the Constitutional Amendment** amending Subsection (a) of Section 62, Article XVI of the State Constitution, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State."

"**AGAINST the Constitutional Amendment** amending Subsection (a) of Section 62, Article XVI of the State Constitution, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said special election and this Amendment shall be published and the election held as required by the Constitution and laws of this State.

NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957.

HOUSE JOINT RESOLUTION NO. 3 proposing an amendment to Article III, Section 51a of the Constitution of Texas, so as to increase the limit on the maximum monthly payment to needy aged persons from state funds and on the total yearly expenditure out of state funds for assistance to needy aged, needy blind, and needy children; and allocating and appropriating additional sums, supplementing current legislative appropriations, for payment of assistance grants.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51a of Article III of the Constitution of the State of Texas be amended to read as follows:

"Section 51a. The Legislature shall have the power, by General Laws, to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions and regulations as may by the Legislature be deemed expedient for assistance to, and for the payment of assistance to:

"(1) Needy aged persons who are actual bona fide citizens of Texas and who are over the age of sixty-five (65) years; provided that no such assistance shall be paid to any inmate of any state-supported institution, while such inmate, or to any person who shall not have actually resided in Texas for at least five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one (1) year immediately preceding such application, provided that the maximum payment per month from state funds shall not be more than Twenty-five Dollars ($25) per person; and provided further that no payment in excess of Twenty-one Dollars ($21) shall be paid out of state funds to an individual until and unless such additional amounts are matched by the Federal Government.

"(2) Needy blind persons who are actual bona fide citizens of Texas and are over the age of twenty-one (21) years; provided that no such assistance shall be paid to any inmate of any state supported institution, while such inmate, or to any person who shall not have actually resided in Texas at least five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one (1) year immediately preceding such application.

"(3) Needy children who are actual bona fide citizens of Texas and are under the age of sixteen (16) years, provided that no such assistance shall be paid on account of any child over one (1) year old who has not continuously resided in Texas for one (1) year immediately preceding the application for such assistance, or on account of any child under the age of one (1) year whose mother has not continuously resided in Texas for one (1) year immediately preceding such application.

"**The Legislature shall have the authority to accept from the Federal Government of the United States such financial aid for the assistance of the needy aged, needy blind, and needy children as such Government may offer** not inconsistent with restrictions herein set forth; provided however, that the amount of such assistance out of state funds to each person assisted shall never exceed the amount so expended out of federal funds; and provided further, that the total amount of money to be expended out of state funds for such assistance to the needy aged, needy blind, and needy children shall never exceed the sum of Forty-seven Million Dollars ($47,000,000) per year.

"**The Legislature shall enact appropriate laws to make lists of the recipients of aid hereunder available for inspection.**

"**Supplementing legislative appropriations** for assistance payments authorized by this section, the following sums are allocated out of the Omnibus Tax Clearance Fund and are appropriated to the State Department of Public Welfare for the period beginning December 1, 1957 and ending August 31, 1959: Four Million, Nine Hundred Thousand Dollars ($4,900,000) for Old Age Assistance, One Hundred, Seventy-Five Thousand Dollars ($175,000) for Aid to the Blind, and Five Hundred, Twenty-five Thousand Dollars ($525,000) for Aid to Dependent Children. Such allocations and appropriations shall be made available on the basis of equal monthly installments and other wise shall be subject to the provisions of currently existing laws making allocations and appropriations for these purposes."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of Texas at an election to be held throughout the State of Texas on the 5th day of November, 1957, at which election there shall be printed on such ballot the following clauses:

"**FOR the Constitutional Amendment** increasing the limit on the maximum monthly payment to needy aged persons from state funds from Twenty Dollars ($20) per month to Twenty-five Dollars ($25) per month subject to certain conditions for payment in excess of Twenty-one Dollars ($21) per month and on the total yearly expenditure out of state funds for assistance to needy aged, needy blind, and needy children from Forty-two Million Dollars ($42,000,000) per year to Forty-seven Million Dollars ($47,000,000) per year, and allocating and appropriating additional sums, supplementing current legislative appropriations, for payment of assistance grants."

"**AGAINST the Constitutional Amendment** increasing the limit on the maximum monthly payment to needy aged persons from state funds from Twenty Dollars ($20) per month to Twenty-five Dollars ($25) per month subject to certain conditions for payment in excess of Twenty-one Dollars ($21) per month and on the total yearly expenditure out of state funds for assistance to needy aged, needy blind, and needy children from Forty-two Million Dollars ($42,000,000) per year to Forty-seven Million Dollars ($47,000,000) per year, and allocating and appropriating additional sums, supplementing current legislative appropriations, for payment of assistance grants."

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published as required by the Constitution and laws of this State.

Wayside News

The Rev. Taft Holloway, the evangelist for the revival, filled the pulpit for morning and night services last Sunday. The revival closed Sunday night.

Mrs. Melton McGehee and Mrs. Floyd Adams left Tuesday morning for Houston to attend a T.H.D.A. meeting.

Mrs. Fay Poor and daughter and Mrs. John Bailey and son, Johnny, of Yuma, Ariz., have recently returned to their home after spending several days in the E. J. Mahler home. Mrs. Poor and Mrs. Mahler are sisters.

Mr. and Mrs. J. R. Kennedy of Vigo Park were supper guests in the Charles Kennedy home last Sunday night and attended church at Wayside Sunday night.

Mr. and Mrs. Glenn Mahler, Candy and Eddie of near Borger spent last weekend in the E. J. Mahler home.

Mr. and Mrs. Floyd Adams and Mrs. Adams' sister, Mrs. Lucille Roberts of Winters, were dinner guests with Charlotte Adams last Sunday.

R. L. Grigsby has lately purchased the north one-fourth section of the John Stockett land.

Mrs. Guy Watson left Monday for Lubbock to attend a W.S.C.S. meeting.

The M. I. McGehees are on a vacation in South Texas.

Shelia and Tim Payne of Amarillo are visiting their grandparents, Mr. and Mrs. E. J. Mahler.

NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957.

HOUSE JOINT RESOLUTION NO. 3 proposing an amendment to the Constitution of Texas adding a section to be known as Section 49-c of Article III, providing for the issuance and sale of bonds of the State of Texas to create the Texas Water Development Fund to provide financial assistance to certain political subdivisions or bodies politic and corporate of the State of Texas in the conservation and development of the water resources of the State; providing for the payment of such bonds; creating an agency to administer said Fund and to perform other duties prescribed by law; limiting the period during which financial assistance may be granted; and providing for the calling of an election and the publication and issuance of the proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-c, as follows:

"**Section 49-c.** There is hereby created as an agency of the State of Texas the Texas Water Development Board to exercise such powers as necessary under this provision together with such other duties and restrictions as may be prescribed by law. The qualifications, compensation, and number of members of said Board shall be determined by law. They shall be appointed by the Governor with the advice and consent of the Senate in the manner and for such terms as may be prescribed by law.

"**The Texas Water Development Board** shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed One Hundred Million Dollars ($100,000,000). The Legislature of Texas, upon two-thirds (2/3) vote of the elected Members of each House, may authorize the Board to issue additional bonds in an amount not exceeding One Hundred Million Dollars ($100,000,000). The bonds authorized herein or permitted to be authorized by the Legislature shall be called 'Texas Water Development Bonds,' shall be executed in such form, denominations and upon such terms as may be prescribed by law, provided, however, that the bonds shall not bear more than four per cent (4%) interest per annum; they may be issued in such installments as the Board finds feasible and practical in accomplishing the purpose set forth herein.

"**All moneys** received from the sale of State bonds shall be deposited in a fund hereby created in the State Treasury to be known as the Texas Water Development Fund to be administered (without further appropriation) by the Texas Water Development Board in such manner as prescribed by law.

"**Such fund** shall be used only for the purpose of aiding or making funds available upon such terms and conditions as the Legislature may prescribe, to the various political subdivisions or bodies politic and corporate of the State of Texas including river authorities, conservation and reclamation districts and districts created or organized or authorized to be created or organized under Article XVI, Section 59 or Article III, Section 52, of this Constitution, interstate compact commissions to which the State of Texas is a party and municipal corporations, in the conservation and development of the water resources of this State, including the control, storing and preservation of its **storm and flood waters and the waters of its rivers** and streams, for all useful and lawful purposes by the acquisition, improvement, extension, or construction of dams, reservoirs and other water storage projects, including any system necessary for the transportation of water from storage to points of treatment and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods.

"**Any or all financial assistance** as provided herein shall be repaid with interest upon such terms, conditions and manner of repayment as may be provided by law.

"**While any of the bonds** authorized by this provision or while any of the bonds that may be authorized by the Legislature under this provision, or any interest on any of such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the sinking fund at the close of the prior fiscal year.

"**The Legislature** may provide for the investment of moneys available in the Texas Water Development Fund, and the interest and sinking funds established for the payment of bonds issued by the Texas Water Development Board. Income from such investment shall be used for the purposes prescribed by the Legislature. The Legislature may also make appropriations from the General Revenue Fund for paying administrative expenses of the Board.

"**From the moneys** received by the Texas Water Development Board as repayment of principal for financial assistance or as **interest thereon**, there shall be deposited in the interest and sinking fund for the bonds authorized by this Section sufficient moneys to pay the interest and principal to become due during the ensuing year and sufficient to establish and maintain a reserve in said fund equal to the average annual principal and interest requirements on all outstanding bonds issued under this Section. If any year prior to December 31, 1982 moneys are received in excess of the foregoing requirements then such excess shall be deposited to the Texas Water Development Fund, and may be used for administrative expenses of the Board and for the same purposes and upon the same terms and conditions prescribed for the proceeds derived from the sale of such State bonds. No grant of financial assistance shall be made under the provisions of this Section after December 31, 1982, and all moneys thereafter received as repayment of principal for financial assistance or as interest thereon shall be deposited in the interest and sinking fund for the State bonds, except that such mount as may be required to meet the administrative expenses of the Board may be annually set aside; and provided, that after all State bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys so received shall be deposited to the General Revenue Fund.

"**All bonds issued hereunder** shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

"**Should the Legislature** enact enabling laws in anticipation of the adoption of this amendment, such acts shall not be void by reason of their anticipatory nature."

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on the 5th day of November, 1957, same being the 1st Tuesday after the 1st Monday in said November, 1957, at which election each ballot shall have printed thereon, the following words:

"**FOR the amendment to the Constitution** of Texas adding a new section to be known as Section 49-c of Article III, authorizing the issuance and sale of Two Hundred Million Dollars ($200,000,000) in bonds by the State of Texas to create the Texas Water Development Fund to provide financial assistance to certain political subdivisions or bodies politic and corporate of the State of Texas in the conservation and development of the water resources of the State."

"**AGAINST the amendment to the Constitution** of Texas adding a new section to be known as Section 49-c of Article III, authorizing the issuance and sale of Two Hundred Million Dollars ($200,000,000) in bonds by the State of Texas to create the Texas Water Development Fund to provide financial assistance to certain political subdivisions or bodies politic and corporate of the State of Texas in the conservation and development of the water resources of the State."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. **The expense of publication** and election for such amendment shall be paid out of the proper appropriation made by law.

Three West Texas State Grads Join Faculty Beginning in Fall

* * *

Three West Texas State College graduates have been appointed instructors for the 1957-58 school year at WT, according to President James P. Cornette.

They are Clarence E. Kincaid, instructor in art; Travis McBride, instructor in government; and Sharon Washburn, instructor in physical education for women. All three are from Amarillo.

Kincaid, son of Mr. and Mrs. C. E. Kincaid, 2604 Ong in Amarillo, is an Amarillo High School graduate. He earned his B.S. degree at WT and expects to complete work toward his M.E. degree here this summer. He attended the University of New Mexico for two years.

After teaching five years in Amarillo schools, Kincaid moved to Canyon to enter business. He has been curator of exhibits for the Panhandle-Plains Historical Museum, and has been a director for the Canyon Chamber of Commerce.

Kincaid is a member of the Lions Club and is first vice president. He is married and has two children.

McBride, a 1957 graduate of WT, earned his B.S. degree in government. He has been a student assistant in the department, and is now working toward his master's degree in the fields of government and economics.

A graduate of Amarillo High School, McBride attended Amarillo College before coming to WT, where he was elected to Alpha Chi, national honor society, and "Who's Who Among Students in American Universities and Colleges."

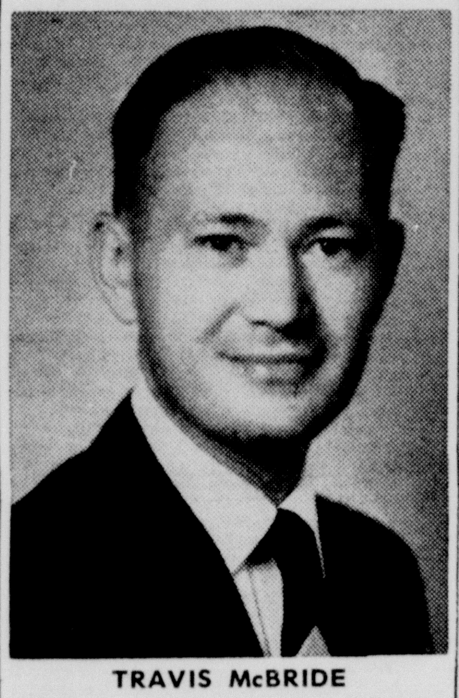
McBride served two years in the Merchant Marine, and during 1951-54, he served in the United States Air Force. He is married and has a son.

Miss Washburn is the daughter of Mr. and Mrs. C. A. Washburn, 1411 Hughes in Amarillo. She is a 1957 graduate of WT and is also a graduate of St. Mary's Academy in Amarillo.

While at WT she was a member of the Newman Club and the Women's Physical Education Club.

CLARENCE KINCAID

SHARON WASHBURN



TRAVIS McBRIDE

Marvin Fite, Bill Knighton, Luther Lawless, Roy Lyles and James Stroupe spent the weekend fishing in Creed, Colo.

Mr. and Mrs. A. K. Goodman returned Monday from a 7,000 mile trip which covered nine states of the Northwest. They were on the trip seven weeks.

Mr. and Mrs. Garland Cavitt of Dumas visited her mother, Mrs. Ruth Hill, last weekend.

Mr. and Mrs. A. D. Cummings of Olney were Sunday visitors in the E. T. Cummings home.

Gas Tax Refund Due Farmers Soon

Farmers should make application now for a Federal Gas Tax Refund for gasoline used on farms for farming purposes. The period of use runs from July 1, 1956, until July 1, 1957. All claims must be made by Sept. 30, 1957.

This rebate does not relate in any way to state taxes on fuel of any kind.

To get a refund on federal gasoline tax, a claim must be filed on Form 2240. This form was sent from the Internal Revenue office to those people claiming refunds last year.

Those people needing a claim form may secure one from the office of the Randall County Agent, John Brazzil. He also has an information booklet for free distribution explaining the claim procedure in detail.

Guests in the G. B. Combs' home Sunday and Monday were the C. V. Lowes from Gruver.

ASC Community Committee Candidates Being Named for Ballots This Week

Nominating committees to name nominees for the ASC community ballots have been active this week. The election in the seven communities in Randall County for Community Committeemen will be conducted during the period of Sept. 3-9, with the ninth designated as the last day to return ballots.

A three man committee in each community was selected to do the nominating. Members of the Agricultural Agencies and organizations operating in Randall County acted as a county group to name these nominating committees.

The nominating committees and the communities they represent are as follows: Canyon Community, H. R. Hungate, Cecil Waters and Charles E. Gerald; Sunnyhill-Fairview, Clayton Devin, Joe Billy Wise and O. O. Henry; Jowell, Roy N. Byrd, B. L. Hufnagle and Quentin Gill; Umbarger, John Bedenk, Alvin Friemel and Ben Buecker; Highland, A. M. Kuehler, Howard Fuqua and James Lamb; Trigg-Zita, John Cook, Ralph Ruthart and Frank Ham; Stone, W. T. Smoot Sr., John Upshaw and Sid Powers, (Powers was unable to be present).

These committees made a list of 10 nominees of eligible residents in their community to be placed on their community ballot. When the ballots are tabulated, the three highest men on the ballot will be the Community Committeemen.

The one receiving the highest total votes in each community will be the Community Chairman and will be a delegate to the County Convention in the latter part of September to select a three man County Committee.

Additional names may be placed on community ballots upon petition of 10 voters in a community.

A three man tabulating committee was named to count the ballots on Sept. 12. The tabulating committee is headed by John Cook, acting as chairman and with Clayton Devin and John Bedenk as members.

Reservations Open For WT Drama Trip

A weekend of drama is in store for a group going from West Texas State College Saturday to Denver and Central City, Colo. Three productions will be seen during the two days.

The group will leave by chartered bus Saturday at 5:30 a. m. from Canyon, arriving in Denver in time to see the final show of the week in the Elitch Gardens Theatre.

Reservations for the tour are still open and may be obtained through Dr. Ples Harper, head of WT's modern' languages department, or Dr. Crannell Tolliver, speech department head.

Canyon Girl Ends Youth Caravan

Alice Brotherton, a Canyon West Texas State College student, has just completed six weeks of work as the member of a Youth Caravan team in the vicinity of Chicago, Ill. "Youth Caravans" is a program of summer work sponsored by the Methodist Church.

A caravan is composed of four selected college students and an adult counselor. These groups work with the intermediate, senior and older youth in six churches to which they are assigned after a 10-day training school. A caravan is at each church one week.

Miss Brotherton attended the training center at Southwestern College, Winfield, Kan., which began June 11. The caravan of which she was a member finished their summer work at Blue Island, Ill., Aug. 2 after having been in the communities of Savanna, Oregon, Cicero, Zion and Plane, all in northern Illinois.

Others on the team with Miss Brotherton were the counselor, Caroline Wright, of Jarvisburg, N. C.; Margaret Green of Oran, Mo., a southeast Missouri State College student; Betty Templeton of Decatur, Ala., a student at Alabama Polytechnic Institute; and J. N. Howard of Chattanooga, Tenn., a ministerial student at Emory and Henry College.

Before returning home, Miss Brotherton will visit with relatives in Hennepin, Ill., and in Washington, D. C.

Burrus Family Gets Together

A Burrus family reunion was held July 28 at the home of Mrs. Maggie Burrus. A covered dish luncheon was served at noon to the following:

Mrs. Maggie Burrus, Mr. and Mrs. Harley Burrus, Bradley and Juanelle Burrus, Mr. and Mrs. R. A. Burrus, Mr. and Mrs. Jerry Swaringen, Mr. and Mrs. Ed Bourn, Wesley and Wanda, Mr. and Mrs. Ray Metcalf, Jack, Glen, Ray and Linda, and Mr. and Mrs. Doyle Bourn and Terry, all of Canyon.

Out of town families present were Mr. and Mrs. Dennis Burrus of Tucson, Ariz., Mrs. Ray Burrus and Rennie of Colorado Springs, Colo., Mr. and Mrs. Troy Burrus and Karie, Albuquerque, N. M., Mr. and Mrs. Austell Burrus, Nelda and Donna, Stinnett, Mr. and Mrs. Frank Mullikin and Billie Lynn, Lubbock, Mr. and Mrs. Glen Settle, Tulia, and Herschel Burrus, Margaret, Cecelia and James of Hereford.

Charles SoRelle and his mother, Mrs. Laura SoRelle, flew to Dallas recently in his plane to attend the wedding of Mrs. SoRelle's nephew, Tom Gormley.

Bride-Elect

CECILIA WATERS

Mr. and Mrs. Cecil Waters of Route 4, Amarillo, are announcing the engagement and approaching marriage of their daughter, Cecilia to Arlen Ruthart, son of Mr. and Mrs. L. C. Ruthart. The wedding is to be Sept. 28 in the Calvary Baptist Church.

● Refugees

Since Dec. 8, 1955, the Canyon committee on refugee work has had the citizens alerted to news concerning the settlement of refugees in Canyon. By the hearty cooperation of The Canyon News, the committee has kept the public fully informed of every step.

Now, on Aug. 7, 1957, comes the last announcement in the paper. No more Hungarian refugees are to be settled in the United States except relatives of families already naturalized. The Refugee Act of 1953 expired Dec. 31, 1956.

Since funds looking toward the settlement of a Hungarian family in Canyon were contributed in good faith and since no family can be secured in Canyon, the committee decided that to those contributing the largest amounts should be given the privilege of withdrawal.

Several groups accepted the refund. The Church World Service has told of other funds just as needy and just as helpful to Hungarian relief although not for residents in Canyon.

Several contributors signified their willingness to have this last $40 sent to Hungarian Relief in Austria. The check has been mailed.

So with thanks to the committee, the contributors, The Canyon News, and the First National Bank, this chapter of Canyon history is closed.

M. Moss Richardson,
Chairman Canyon
Refugee Relief Fund

Social Pioneers Meet for Supper

The Social Pioneers met Thursday evening in the backyard of Mrs. R. T. Bowman's home for a covered dish supper.

Present were guests, Mrs. J. I. Payton of Godley and Mrs. Mae Johnson. Members present included Mrs. R. T. Bowman, Mrs. Lula Owens, Mr. and Mrs. J. C. Curb, Mrs. W. G. Rose, Kelly Rose and Mrs. G. W. Cox.

Mrs. Mary Burtz, Mrs. C. H. Stratton, Mrs. E. C. Hawes, Mrs. W. T. Davis, Mrs. C. W. Dunn, Mrs. J. C. Dowd, Mrs. B. C. Taylor Sr., and Mrs. Ross Service.

The next meeting will be Sept. 26 at 6 p. m. at the W. T. Davis home. This is the date for the annual Pioneers' Family Supper.

Mrs. A. W. Fortner and Mrs. Ed Money and daughter, Eloyce, visited recently in Limon, Colo., with Mr. and Mrs. Ross Campbell and Mr. and Mrs. O. L. Fortner.

RAIN!

At five the little one says: "Oh, boy, rain! Let's go wadin.'

At ten: "Heck, there goes the game.

At fifteen (the girls) . . . "But, I'll get my hair wet.

At twenty: "Rain? It did?"

At twenty-five: "Maybe this will cut down on the water bill."

At fifty: "Hadn't had so much fun since I wore knee pants. (Rain . . . puddles . . . wade . . . whee!)

At seventy-five: "Shoot, you kids haven't seen rain. Why, back in . . .

☆ ☆ ☆

Yes, rain. It surely was nice to feel all that wonderful moisture pouring down from the skies Sunday and Monday. Why, those big thunder clouds must have really boiled up and had one whopper of a fist-fight.

We had just left for lunch Monday when the rain began to come down in earnest and after we got home and ate lunch there was no leaving. The road on which we live, the unpaved portion of Ninth Avenue, just disappeared under a rush of muddy water.

That's one thing about living where you are kissin' cousin with the country and chattin' neighbor with the town. When it rains, you get to see all the spectacular part from a ring-side seat. It seems all the water from town drains down the west end of Ninth Avenue and if the rain is big enough, there's rolling water galore.

It makes it pretty nasty getting in and out, but when Mother Nature lets her bathtub overflow, we see it doing more than running down a gutter.

☆ ☆ ☆

This is no movie review column, but I'm going to use up some space talking about a movie just the same.

Heaven Knows, Mr. A., that I'm no movie authority, and not in a position to say whether a movie is top rate or not. But, if a movie pleases me, it pleases me and I'm all praise.

Well, I'm all praise for "Twelve Angry Men," which was at the Varsity last week. I felt as if I got my money's worth for that show.

For one thing, the character portrayals were excellent. For another thing, the unusual one setting through almost the entire show was appealing to me. And, then, I guess it made me think a little bit.

If you have seen the movie, you know that the plot is built around a jury and their session in the jury room to decide if a young boy from the slum section of New York is guilty of murdering his father.

Names aren't important in this movie, but personalities and prejudices are. The tense scenes are perhaps over-dramatic, but the movie still was able to convince you of realism.

Henry Fonda is the main character, but the other 11 on the jury are intensely important, too. I don't know. Maybe the movie just gave me the feeling of being there and because I've never served on a jury, much less a jury for a murder trial, it made me wonder what I would have decided.

And it made me wish for the clever strategy used by Henry Fonda in changing the minds of the other 11.

Fine movie.

☆ ☆ ☆

There was mighty fine entertainment in Big D this weekend, too. Gizelle McKensie and "Annie Get Your Gun."

I like Gizelle. She's the type of actress who, when she acts, wouldn't let you know she was for the world. She is whoever she is portraying at the moment and that's that.

Incidentally, "South Pacific" began at the State Fair Musicals in Dallas Sunday. We had to miss out on that production, and with Patrice Munsel starring, I imagine we missed a lot.

☆ ☆ ☆

There are a lot of weddings coming up in the next few weeks. I suppose most of the brides-to-be have had their portraits made, so this bit of advice I'm about to pass along will probably be too late for the August bride.

But, anyway, in case you are having a wedding portrait made for the newspaper be sure it's not the kind that gives the illusion what you want for the bridal book, but it usually doesn't come out worth a flip in a newspaper cut.

The best portrait for the newspaper is a glossy print with clear detail. If it's for this paper, it's better for it to be the size you want in the paper. That is, either two inches, four inches or six inches wide.

☆ ☆ ☆

I see in the fashion pages that the rage in chic shoe wear this fall will be the sandal and pump, reminiscent of the '20s, with the feature on the pointed toe.

Well, you can have it.

☆ ☆ ☆

Sometimes a youngster's frankness isn't too flattering, and sometimes it is downright over-powering with flattering.

Such was a case of the latter when David Morris, son of Mr. and Mrs. Michael Morris, stared for a few minutes at a magazine cover picture of Sophia Loren. After a bit of concentration, he triumphantly announced:

"Jimbo's Mama." Now Jimbo's mama is Mrs. Harry Ball and she should be right flattered.

Schuettes Honored On Anniversary

Friends and relatives of Mr. and Mrs. William F. Schuette honored the couple with a surprise reception on their 10th wedding anniversary. Musical games were played on the lawn and refreshments were served.

Honoring Mr. and Mrs. Schuette were Mr. and Mrs. Raymond Tucek and family, Mr. and Mrs. Leonard Boehning and family, Mr. and Mrs. Walter Boehning, Mr. and Mrs. Albert Meyer, Mr. and Mrs. George Albers, Mrs. Helene Meyer, Mr. and Mrs. Loys Knox.

Mr. and Mrs. Alvin Kuhlman and family, Mrs. Ida Schuette, Oscar H. Schuette, Betty Stevens, Mr. and Mrs. Henry Miller, Mr. and Mrs. Laurence Boehning, Mr. and Mrs. Lee Roy Bauer, Mr. and Mrs. Ervin Bauer, Mr. and Mrs. Charlie Bauer.

Also Mr. and Mrs. Gus Leseberg, Mr. and Mrs. Erwin Meyer, Mr. and Mrs. Herman Kuhlman, Mr. and Mrs. Herbert Kuhlman, Mr. and Mrs. Travis Knox, Mr. and Mrs. Vic Mueller, Mr. and Mrs. Fritz Gerdsen and Mr. and Mrs. Harvey Boehning.

Methodist Church To Hear Rev. Byrd

The Rev. Roy Byrd Jr. will be guest speaker at the First Methodist Church for the regular evening service at 7:30 p. m.

The Rev. Byrd has been serving as pastor of the First Presbyterian Church in the vacancy left by the Rev. T. Winston Wilbanks, now Associate Pastor of Westminster Presbyterian Church in Amarillo.

Gladys Lowry Phillips and Rose Powell, English and speech teacher in Perryton High School, visited with Mrs. R. D. Lowry Wednesday night. They attended the play at the college. Leroy Lowry and family of Lubbock visited in the home of Mrs. Lowry Thursday. Mrs. Lowry attended the reading conference.

This is "CHIN MUSIC"

don't be mislead by it!

WHEN IT COMES TO FEEDING HOGS, we don't want to tell you . . . that's "chin music." We want to *show* you.

We will come out to your place, weigh your hogs and put them on Purina for 30 days. Then we will weigh them again.

YOU BE THE JUDGE on the basis of results you get. We are sure we can show you cost of gain figures you wouldn't believe if it hadn't happened on your own farm.

We've weighed pigs for lots of hog men around here—and they're *all* on Purina now.

GIVE US A RING. We're ready to make a pig-weighing date right now. Call or come see us today!

Tick Takes Over In Randall Area

Randall County livestock are now carrying the heaviest infestation of the Spinosa Ear Tick they have had in many years.

This information comes from John Brazzil, County Agent, who has received many requests for recommended treatments.

According to Brazzil, the ticks burrow deep down in the ear of livestock and cause severe pain, loss of weight and serve as an entry for screw worms. The ticks are picked up around salt and watering places.

As a treatment, Brazzil suggests the use of a lindane solution. The new screw worm killer, EQ-355, contains lindane and pine oil. A solution made from this EQ-335 and water, squirted into the ear with an oil squirt gun gives very good control.

Commercial preparations with lindane can be purchased at most veterinary supply stores. De-ticking should be a routine job such as fly spraying. The cattle can be run through a chute and rapidly treated.

As a control measure, salt places should be moved to new areas. Present salt places can be covered with used crank case oil to rid these areas of ticks.

Do not overlook the hogs in the treatment operation. They carry ear ticks, also, Brazzil said.

LIPSTICK LOGIC
BY
LOUISE ALLEN

Some folks hang on to the strangest things!

We were out with a bunch of human squirrels the other evening and discovered what queer ideas sensible people can have.

As for ourselves, we keep odd newspapers, college notebooks, letters received 20 years ago, dresses and hats that are out of style, scraps of old curtains, bedspreads, wallpaper and other useful items.

But a surgeon, for example, kept medical journals for about 40 years, thinking he'd get around to reading them. But when he had time, he'd go back to a big hospital and take a short course; during the regular days and weeks he was so exhausted after dinner he'd just fall asleep. His wife talked him into getting rid of them — but not before he had glanced through a dozen copies. You guessed it: he read an article about an operation he had never performed and the very next week such a case came into his office!

A woman who reads incessantly has so many old magazines that her husband says they have run out of storage space in basement, attic and closets, and now he's considering building a lean-to on the house. A man who likes to potter with mending and making household gadgets keeps old lengths of pipe, copper wire, iron rods, two-by-fours and varnish samples. A woman who has long since built her dream house still hangs on to house and garden clippings — several scrapbooks full of them. A bridge hound keeps boxes full of bridge lessons cut out of newspapers.

Besides the foolishness of the other fellow' treasures, we noted another thing, too. When a "saver" is married to a "thrower away," he may have more places to keep things, but he gets a heck of a lot more nagging.

Four Cadets Return From ROTC Training

Four Canyon members of the ROTC regiment at West Texas State have finished six weeks of training at Ft. Hood which covered every important phase of military training at stressed leadership.

They were Virgil Ray Reynolds, Edward Ray Wells, Hubert George Greiner and Raymond Earl Haddock.

NO. 1002

ESTATE OF MATTIE FOSTER, DECEASED.

IN THE COUNTY COURT OF RANDALL COUNTY, TEXAS

NOTICE TO DEBTORS AND CREDITORS

THE STATE OF TEXAS, COUNTY OF RANDALL, TO THOSE INDEBTED TO, OR HOLDING CLAIMS AGAINST THE ESTATE OF MATTIE FOSTER, DECEASED:

The undersigned, having been duly appointed Executrix of the Estate of Mattie Foster, Deceased, late of Randall County, Texas, by Roy Joe Stevens, Judge of the County Court of said County on the 6th day of August, 1957, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said Estate to present them to her within the time prescribed by law at her residence, 1610 Hughes, Amarillo, Potter County, Texas, where she receives her mail, or at the office of J. D. Barker, Canyon, Texas, my attorney, this the 6th day of August, A.D. 1957.

Mrs. Tommye Earl Prichard
Executrix of the Estate of
Mattie Foster, Deceased 18t4

County Agent Gives Advice on Use Of Weed Killer for Safety Measures

Many Randall County people have reported damage to their crops, ornamental plants, and gardens through the careless use of harmone type weed killers. These selective weed killers such as 2,4-D are used by rural and urban people to kill undesirable broadleafed plants.

Unfortunately, some of the economical plants can be killed or severely damaged by a very small dosage of 2,4-D. Cotton is very susceptible. Several fields of cotton in Randall County have been severely damaged by drift from spraying as much as three miles away. Okra, tomatoes, peas and most of the ornamental trees and flowers are severely affected or killed.

In Texas, a state law governing the use of herbicides is in effect in most of the counties. The counties in this area were not included because very little or no cotton was grown.

Today, there are many small acres of cotton scattered throughout Randall County. The law could be extended to cover this county if people in sufficient numbers are concerned.

The Randall County Agent, John Brazzil, gives these precautions to use in handling and using 2,4-D weed killers.

1. Never use 2,4-D dusts.
2. The ester forms give off fumes easily; use the amine forms if possible.
3. Use coarse sprays and low pressure.
4. If applied by airplane, the material should be released no higher than 10 feet above the ground.
5. Never spray when wind is above 10 miles per hour. Even at this velocity, susceptible crops may be killed four miles downwind.
6. Use separate equipment for 2,4-D. This material is almost impossible to remove from a sprayer.
7. Do not store in buildings with seed, fertilizer, or insecticides because of danger of contamination.

It is believed if these precautions are followed, unwanted damage will be held to a minimum. The watchword is "caution." The plant you kill may be cotton in your neighbor's field.

Fairview Breezes

Our revival began Friday evening with Bro. Perdue doing the preaching. We are having very good attendance. Services will continue through the week, morning services at 10:30, evening prayer service at 7:45 with preaching at 8. Everyone is cordially invited.

Mrs. Laverne Cagle underwent surgery in the Osteopathic Hospital in Amarillo Thursday morning.

Mr. and Mrs. J. D. Prossor are announcing the birth of another son, born Thursday morning at 7:15. He weighed 7 pounds 13 ounces.

Lavena Amerson visited her sister, Mrs. Cagle, in the Amarillo hospital Friday and Sunday.

Mr. and Mrs. G. E. Wesley visited Mrs. Prossor and her baby Friday.

About 30 Rogers relatives and friends gathered at the home of Mr. and Mrs. Joe Rogers near Wayside Sunday. A very delicious lunch was served buffet style at the noon hour.

Mr. and Mrs. J. W. Wesley attended the Rogers reunion Sunday.

Mr. and Mrs. J. C. Shipman were visiting the Raford Shipmans Saturday night.

Mr. and Mrs. Woodrow Wesley and boys visited the L. H. Barnards Sunday.

Bro. and Mrs. Bill Hall Jr. and children, Paula and Billie, and Bro. Perdue and Mrs. Hall Sr. all visited with the G. E. Wesleys Sunday.

We have received .70 of an inch of rain this weekend.

We were glad to welcome Mr. and Mrs. Oscar Read to church Sunday.

Garden Club Meets With Mrs. Robbins

The Garden Club will meet Thursday at the home of Mrs. Jeannette Robbins, 1508 Eighth Avenue. Mr. and Mrs. K. E. Hines are to have the program on gardening. The meeting begins at 7:30 p. m.

Four Girls Attend Youth Convention

Four Canyon girls are attending the Texas Youth Convention of Christian Churches on the campus of TCU in Fort Worth. The girls, Billie Miller, Sally Jennings and Dorothy and Louise Higdon, will be at the convention until Saturday.

Louise, District Worship Chairman of Christian Youth, attended a planning retreat at Camp Christian, Lake Brownwood, Sunday until Wednesday. The convention began Wednesday.

Coke Party Fetes Former Classmates

Mrs. Don Singleton feted her friends and former classmates with a Coke party recently in the home of her parents, Mr. and Mrs. J. D. Barker. Mrs. Singleton, who lives at Fort Dix, N. J., has been visiting her parents for several weeks.

Present at the party were Jeanine Thomas, Joan Hamblen and daughter, Roma Denice, Charlotte Crain, Barbara Bacon, Wanda Rogers, Janis Wright, Virginia Leake, Ruby House and daughter, Carla Jo, Jackie Airhart, Jerry Bourn, Jearlyn Simpson and Velta King.

Eastern Star To Have Picnic Friday

An Eastern Star picnic is slated Friday beginning at 7:30 p. m. at Conner Park. All Eastern Star members and their families are invited.

Mr. and Mrs. Earl Childers and family of Phoenix, Ariz., are visiting the A. L. Watsons. Mrs. Watson is Mr. Childers' mother.

Revival To Begin Sunday Evening

The Rev. John Spencer, evangelist pastor of the Bernean Full Gospel Tabernacle, Amarillo, will be the speaker at a revival beginning Sunday on the corner of Seventh Avenue and Fifteenth St.

Services are to be each night except Monday at 7:45 p. m.

The Rev. Spencer has a radio program known as "Echoes of Calvary." The public is invited to attend the revival.

Stork Specials

Mr. and Mrs. C. W. Morris are the parents of a baby girl born July 9. The father is the son of Mr. and Mrs. E. D. Morris.

A boy was born to Mr. and Mrs. Gerald Martin of Amarillo July 31 in Northwest Texas Hospital. The baby weighed 8 lbs., 9 oz. The mother is the former Florence Hacker, daughter of Mr. and Mrs. F. M. Hacker.

Smart MODERNS GO GAS FOR COOKING!

Modern homemakers who insist on balancing their budget of time and energy — as well as money expended — find that using gas as a cooking fuel gives them so much more for so much less! Ask any woman who owns a modern, automatic gas range, and she'll be happy to give you the facts about how smooth and easy cooking chores go with a GAS range. Check with us for all the facts, then visit your gas appliance dealer's showroom to see the glamorous 1957 models.

Smart Moderns Say THIS About Gas Cooking

Coolest Cooking
"There's no warm-up, no lingering heat with gas. And with closed door, smokeless broiling there's never any heat pouring out the front of my range."

Cleanest Cooking
"With completely automatic controls I never have boil-overs or scorched food . . . and my pots and pans stay mirror clean with a properly adjusted gas flame."

Outstanding Beauty
"When I compared ranges, I found that nothing could touch the new gas ranges for really smart design. And they come in every color, every finish you could want."

Completely Automatic
"I've discovered what 'automatic' really is, since I bought my new Gas range. It's amazing — the next best thing to having a robot do my cooking for me."

Most Flexible Heat
"Instead of just 3 to 7 factory set heats, I have my choice of hundreds of heats — exactly the right degree whether I'm frying eggs or using a pressure cooker."

Unbeatable Economy
"I checked and found it's costing me 5 to 8 times less to operate my new gas range than it would for any other type. And with Lifetime Burners I don't worry about replacement costs."

THE AMAZING BURNER WITH A BRAIN eliminates boil-overs, scorching or burning . . . puts an end to pot watching forever. All your pots and pans become automatic utensils!

The modern Gaffer and Sattler Gas Range with automatic top burner control.
